White Horse is Scotland's senior Whisky. Used throughout the world wherever connoisseurs foregather.

AARRYING" is a term used IVI by experts to describe the blending process through which "White Horse" gains its smoothness and mellowness.

Scotch Whiskey is the blending of malts and grain whisky. For "White Horse" only the choicest makes of Scotch Whisky are selected. These are matured for a long period in sherry woodexpertly blended-or "married" -then aged, reblended and aged

Every drop of "White Horse" must go through this long, deliberate process and the result generously repays the effort.
