LIOW often do you hear II someone make that remark when referring to business conditions in British Columbia? According to the report issued recently by the Department of Labor of the British Columbia Government, the wage earners of British Columbia earned \$192,092,249.51 in 1929. It isn't "More Payrolls" we need in B.C. as much as "More Support" for the payrolls we already have.

Directly or indirectly you get a share of this payroll. Help to increase it. Ask "where from" when buying. Ask for B.C. Products.
