

# Restless Children

Children will fret, often for no apparent reason. But there's always one sure way to comfort a restless, fretful child. Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than some powerful medicine that is meant for the stronger systems of adults.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as in cases of colic, diarrhoea, or similar disturbance, it is invaluable. But it has everyday uses all mothers should understand. A coated tongue calls for a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed to set everything to rights. Genuine Castoria has Chas. H. Fletcher's signature on the wrapper. Doctors prescribe it.

## "Now I Do Enjoy My Meals"

What a pleasure it is to sit down and eat a good, hearty meal without a premonition that there will be pain and discomfort in the process of digestion.

Chronic indigestion usually results from torpid liver and a consequently constipated condition of the bowels. Naturally, there are headaches and biliousness in many cases and much irritability and depressed feelings.

It is so easy to allow this condition to develop that almost before you know it you become a "dyspeptic."

But what a relief when you learn about Dr. Chase's Kidney-Liver Pills and put them to a test. In a day or two you are feeling fine and soon you realize that you have discovered the most effective regulator of the liver, kidneys and bowels.

### Heart and Nerves Caused Her To Have Cold Hands and Feet

Mrs. Joseph Price, Red Pine, N.B., writes:—"Several years ago I was troubled with my heart and nerves and was so bad, at times, my hands and feet would become numb and cold. "I happened to see

advertisements and started taking them at once. I continued for some little time, and since then I have had no return of my trouble."

## When Pain Comes

### Two hours after eating

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention. One spoonful of this harmless, taste-

less alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.
