Dr. Cyrus MacMillan of M'Gill University Given Fisheries Post

Appointment of British Columbia Cabinet Member Is Expected to Be Made In Very Near Future

OTTAWA, June 16:Dr. Cyrus MacMillan, Professor of English at McGill University, has been appointed minister of fisheries. No appointment of a minister from British Columbia has yet been made but it is expected the selection of a minister from the Pacific Coast province will be announced soon. While the cabinet appointment has passed the cabinet council, it has yet to be approved by the Governor General who is at present in Quebec. It will probably be a few days before the new minister is sworn in.

The Political Corner

Monday, June 16, 1930

Hands Off the C. N. R.

Tolmie, the Conservative Premier of this province, has been trying to get the Canadian National Railways to take over the P.G.E.; so far, without success. If a Conservative government is elected at Ottawa, Tolmie and the strong Tory representation from the south of this province will secure what they want and the P.G.E. will be used to divert the Peace River trade to Vancouver. Nothing then could stop it.

If Mr. Brady were elected he would be powerless against the solid influence of the south against us. He might protest; he might declaim in his best elocutionary style. It would be in vain; he would be a "voice crying in the wilderness."

Let us take no chance. Let us make no peradventure of this matter, so vital to the north. Let us elect Olof Hanson and support the hand of Mackenzie King who will see that this outrage is not perpetrated upon

We wish to co-operate with our good friends in Prince George and to assist them in their laudable desire to build up that place. We have no quarrel with their desire to have the P.G.E. extended to their city. We have no objection to the outlet of the Peace with the C.N.R. being made at or near Prince George. But we do most emphatically object to our national railway system being saddled with the "white elephant of British Columbia" in order to divert the Peace River trade through unnatural channels to Vancouver.

If the Peace route is tied on with the C.N.R. at Prince George, the trade of this great farming area will flow naturally to Prince Rupert, but with the Tories in power it will be diverted to Vancouver over the

Let us fight for our economic life and prevent such a thing by sending Olof Hanson to Ottawa to support the Liberal government.

Hands off the Canadian National!
