THIRD AVE. & FULTON ST.

\$2,000 LOT BIG PRIZE

Membership tickets for the fair are being sold readily this year, largely because of the valuable lot which is being offered as a prize to one of the purchasers. This lot on Third Ave. is valued at \$2,000 although no offer for that amount has been secured.

It is pointed out by a member of the Fair Board that the lower part of Third Ave. toward McBride Street is developing rapidly. The Besner Block brought business that way and now the new liquor store will be an additional development which will add to the value of property. In a year or two this lot may easily be worth \$5,000.

In addition to the chance of winning the lot, purchasers of tickets have the satisfaction of knowing they are helping the fair and if they are exhibitors they do not have to pay entry fees.

Enthusiastic Over Tulsequah

William Webster, old time prospector, and well known in the interior, was a passenger on the Princess Charlotte from Tulsequah yesterday.

Mr. Webster is very enthusiastic regarding this new mining field. There are undoubtedly large and valuable mining deposits there. He has had chances of forming partnerships to develop some of the prospects but feels that the district is really one to be handled by only the large mining companies.

He himself is now returning to Burns Lake district whence he will proceed to Francois Lake and the interior to carry on work for the Consolidated Mining Company.

TRIED NUMEROUS REMEDIES

Expresses Appreciation to Kellogg Company for Relief

If you are troubled with constipation, this letter from Mr. John J. Mulligan (address on request) will interest you:

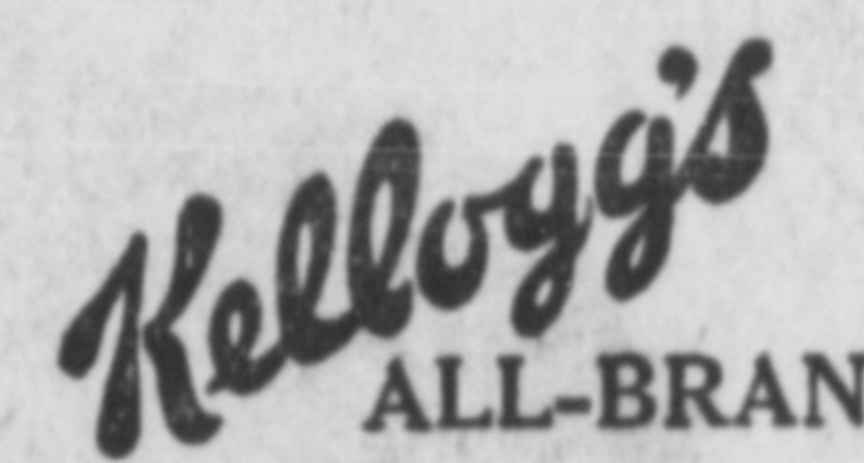

"This is simply a letter of appreciation for the wonderful results I have obtained through the use of Kellogg's ALL-BRAN.

"For years, in fact ever since my return from France, I have been troubled with constipation and its companion ills. I tried numerous remedies in vain. Finally in desperation, not wishing to be a slave to laxatives all my life, I turned to Kellogg's ALL-BRAN. The results were remarkable and quick—in fact the next day long-hoped-for relief became a happy reality."

The Kellogg Company has received thousands of similar letters in praise of ALL-BRAN, the product that is positively guaranteed to relieve both temporary and recurring constipation.

It also adds needed iron to the diet and builds health.

Eat Kellogg's ALL-BRAN with milk or cream . . . in soups, salads and fruit juices . . . in cooked foods and hot breads. Your grocer has ALL-BRAN in the red-and-green package. Served everywhere. Made by Kellogg in London, Ontario.

"Improved in Texture and Taste."

Ghost of Camel First Ever Known

ADELAIDE, Aust., Aug. 7.—What natives believed to be the ghost of a camel and what zoo authorities believe is the first pure white camel in existence has been discovered near the Wirraminna cattle station.

With the increase in automobiles, thousands of camels have been turned loose to fend for themselves. Within recent months rumors of a "holy camel" disturbed aborigine camps.

R. K. Jenkins, manager of the cattle station, determined to investigate the apparition and discovered it to be an albino camel. The camel now is in the Adelaide Zoo.

MANY MEET MR. SANFORD

President of B. C. Conference of United Church Given Reception

IS VERY OPTIMISTIC

There was a splendid attendance last evening at the United Church to welcome Rev. O. B. Sanford, president of the B. C. Conference of the United Church of Canada. In the absence of the pastor, Rev. A. Wilson, who is on his way to England at present, Rev. C. E. Motte presided, and Mrs. A. Wilson was pianist.

Mr. Sanford expressed his great pleasure at the warmth of his reception and the large audience. The only chilly experience he had endured during his visit so far was at the Cold Storage plant.

He spoke of the experiences he had enjoyed so far on his trip which had taken him to many points on the coast. The revelation of the heroic and magnificent work of the ministers of the church was almost overwhelming. At Bella Bella, at Bella Coola, and in the Kitimaat district the fabric of the community life was being practically reconstructed as a result of the Christian influences of the church workers.

There was a very large attendance at Bella Bella where he had conducted the induction service for Rev. P. Kelly. In spite of the fact that the fishing season was at its height there was a practically full attendance of the Bella Bella Indians led by their chief.

The hospitals at Bella Bella and at Bella Coola were also visited and here the work of the medical missionaries was splendid beyond description. A particularly impressive experience was that of seeing the magnificent lasting memorial to the late Dr. Spencer who had died in that district. Mr. Sanford had known Dr. Spencer's wife who had been a school mate of his and as he stood before the tombstone erected by the Indians in appreciation of his work he felt that here indeed was one who had followed in his Master's steps.

Mr. Sanford made a plea for a greater spirit of brotherhood among all workers. The happiness and sal-

vation of the race will depend on the work of the Christian church in interpreting the commands of their Master in active work. The church is most prosperous and at the most solvent and most solidly grounded institution in Canada today. If the church fails in its duty of leading the country by developing a Christian social conscience what else will maintain the standards of morality and the fabric of civilization?

A hearty vote of thanks was accorded the speaker at the conclusion of his talk on the motion of Rev. Motte, and refreshments were then served by the Ladies' Aid.

SPARROWS ALL SHOT

PERTH, Aust., Aug. 7.—The chief inspector of vermin has shot the last sparrow in this state. The birds have never been allowed to colonize here, but two of them escaped from a ship at Fremantle about a year ago.

C.P.R. steamer Princess Charlotte, Captain C. C. Sainty, was port from Alaska and north points yesterday afternoon at 5 p.m. with a large passenger list.

Anyox Scouts to Camp Terrace

Members of the Anyox troop of Boy Scouts are expected to arrive from the northern mining town at the week-end and after a couple of days here will entrain for the Terrace district where they will camp for a couple of weeks.

Well Known Tug Visiting This Port

The Cape Scott, Pacific Coyle Navigation Company's tug with the log barge Bisdayne arrived in port yesterday to load logs at the Big Bay Company for the Powell River Pulp and Paper Mills.

The tug Chieftain also belonging to the Pacific Navigation Company is due with two scows of coal for Albert and McCaffery.

Denmark exports more butter than any other nation.

"If it's fully told—it's quickly sold"

Is your Baby Thriving?

A Marquis, Sask., Mother's Experience
 Little Joyce Taylor's mother writes: "The first three months of her life Joyce had a hard time finding a suitable food. Nothing seemed to agree with her. Then we put her on Eagle Brand and from her very first feed she came right along. I went by the directions on the can. Now at 13 months she is a sweet, happy child in perfect health all the time."

And from Saint John, N.B. Mrs. Gourley writes: "One after another different foods were tried for our baby, but Una couldn't digest them. At birth she weighed 14 lbs. but she dropped to 10 lbs. at 3 months. Then we tried Eagle Brand and she began to thrive almost immediately. At 2 1/2 years she weighed 40 lbs."

Most babies show normal progress. That is quite natural. If your baby is not steadily gaining consult your doctor. If it is a food problem, we suggest that you and your doctor consider Eagle Brand. For bottle-fed babies, Eagle Brand has been the standby of mothers for three generations. It is especially valuable in difficult feeding cases, being such a safe food—pure, uniform, easily digested. You will be pleased to see your baby begin to thrive immediately when placed on a carefully prepared Eagle Brand diet. It is highly endorsed by doctors and nurses.
