## BABE TEN AHEAD OF HIS RECORD

Fortieth Homer on Sunday and Helped to Win For Yankees

NEW YORK, Aug. 4.—Home runs had a lot to do with deciding games on Sunday. A six-run rally in the eighth inning after two men were down gave New York an easy victory of Philadelphia. Babe Ruth hit his fortieth home run of the season in the fourth and is now 10 games ahead of his record. Chicago lost to Detroit, their three runs being scored on two homers by Reynolds.

In the National League the leading Brooklyn Robins won one of the greatest pitching duels of the year, shutting out the Giants. Low standing Philadelphia turned round and took a double header from Boston Braves.

Baldwin stopped some hot ones around third base.

"Scoop" Bury went to sleep at first in the second inning.

## SPORT CHAT

Football locally seems to be passing through a trying time just now. The unsettled weather caused postponement of games but the Mobley Cup competition promised a renewal of interest. Unfortunately the first game in this series had an unpleasant ending. The captain of the Regiment team took his team off the field one minute from full time when the scores were 2-2. Presumably the case will come up for investigation before the Football Association but the Regiment committee are also taking the case under advisement.

There has been considerable difficulty in getting teams on the field in time. The players are responsible for this to a large extent. But they cannot expect the public to climb up to the Acropolis Hill to see games if teams repeatedly turn up with seven or eight players and have to pick players from among the spectators to complete the teams. Then there has been difficulty in getting referees. There is something wrong when a team turns up and then discover that the referee has not been decided upon.

It would seem best for those really interested, and this includes the players in some cases, to realize their responsibilities towards the spectators and the game in general. Another distressing feature is the deplorable language used by certain players. No one objects to an occasional "damn" when collisions occur but when profanity becomes general and the guilty ones are not checked up the situation becomes one for immediate action. Tempers become on edge and instead of having a football game there is a series of incontinent prize fights with several players having chips on their shoulders—and threatening to knock chunks off their opponents.

In view of the promise of many young players it would be regrettable if the game were discontinued but if an immediate improvement is not made the outlook is bad.

Cricket comment from the Old Country deals largely with the test matches now being played between England and Australia. With each country having won one game and the one drawn and one abandoned the final match is of outstanding interest.

The success of Prince Duleep Singh has been gratifying. There was some discussion as to whether he should play for England or not seeing he was not an Englishman, though of course he was born in the British Empire. He scored 173 and 48 in the third test match and in the fourth was responsible for the dismissal of Don Bradman the Australian star batsman for 14 when he caught him off Peebles' bowling.

The final test match will be played at Kennington Oval beginning on Saturday, August 16, and will be continued to a decision.

The winning of the Davis Cup by France was the outstanding event in world tennis this week. Tilden was the only one of the American players to record a victory and of course he was defeated in his singles match against Cochet. This is definitely Tilden's last appearance in Davis Cup competition and his withdrawal will be generally regretted by tennis lovers the world over. He has won innumerable trophies in Europe this year where he has been playing for some months already.

And talking of tennis brings to memory the footfaulting that is so very common locally. Generally speaking the rules are that one foot must be on the ground when serving and the other is that the foot must pass over the baseline before the ball is struck. To prevent footfaulting one should stand well behind the baseline. Umpires are very lax in calling footfaults and this only spoils the game.

It was noticeable in recent games that several in trying to get

## Centrals Defeat Sons of Canada To Tie League

Downie Hits Homer In Seventh—New Players Show Up Well In Fielding

Yesterday afternoon at Acropolis Hill grounds, the Centrals defeated the Sons of Canada in a City League baseball game by a score of 7-4. The win for the Hotelmen resulted in making a three-cornered tie between the three teams for second half honors, each having won and lost one game.

Sons of Canada were a couple of players short and picked up two men from the grandstand. Price who played in the field, nabbing two flies, while Baldwin, a dusky lad from down south, held down the hot corner in an able manner and slammed out a two-bagger in the last inning.

Chenoski was on the mound for the winners and pitched good ball for the first six innings, holding the Sons scoreless and allowing but two singles. He allowed two singles in the seventh that accounted for one run. In the eighth Mitchell singled. Smith hit one to Chenoski and was safe when Morrison failed to cover second and Mitchell went to third on the play. Smith stole second. Lambie singled and Mitchell scored Smith holding third. Wendie slammed out a three bagger and then Downie went in to pitch. Stalker fled out to centre and then Frizzell and Gurvich struck out.

In the second inning Centrals made three hits but failed to score. Bury being tagged off first base.

They scored two in the third on a hit batter and two singles. In the fifth they added two more on an error, a base on balls and two singles. Barry singled in the seventh and then Downie put one through the left field fence for his homer. Moore walked in the eighth. He stole second and went to third when L'Heureux was thrown out at first. He scored when Morrison was thrown out after Mitchell dropped the third strike. The ball was returned to Mitchell but he dropped it in touching Moore.

Lambie was the only Native Son to get more than one hit in the game, making two singles in five times at bat. Barry, Downie and Chenoski each collected two safeties in four times at bat. Bury hit safely three times in as many times up. He has hit safely every time at bat in the last two games.

Japan is developing into a trotting centre. It has 11 racing clubs, each of which holds six-day meetings twice a year and each day's program includes two trotting races at distances ranging from one and one-half to two and one-half miles. No imported horse can be raced there, but steeds can be imported for breeding.

more power into their shots jumped as they served. Yet they were not faulted. It was even commoner to see the server have his foot on the line or carry it over the line before he struck the ball.
