elected:

Committee Decides to Proceed With Preliminary Arrangements and Has \$4,000 Already In Hand Toward Project

At a meeting held in the City Hall last evening plans were definitely commenced with a view to construction of a gymnasium and swimming pool in the city under Y. M. C. A. auspices. Mayor Orme presided over the preliminary discussions and reminded the delegates that this meeting had been planned shortly after the visit of Mr. McAllister, extension secretary of the Y. M. C. A., but had been delayed till after the election.

Reporting on one plan that seemed probably the most zuitable for a city of this size, W. H.

City In Good Financial Condition Now Declares Auditor to Rotary Club

George Rorie Says Solvency Depends Upon Many Things Besides Assets and Liabilities As Shown In Statements

"People who say the financial condition of the City of Prince Rupert is not good, do not know what they are talking about," declared George Rorie, city auditor, yesterday in an address to the Rotary Club. "City bonds are selling at a higher price than ever before, collection of taxes is as high if not higher than usual.

"After all," stated the speaker, "the solvency of a town depends not only on the money it owes and its physical assets but on its prosperity, its state of civilization, its community spirit, its citizens and their
