# FIRST WOMAN FOR SENATE IS NAMED

## Appointment of Mrs. Norman Wilson of Ottawa to Upper Chamber Is Announced by Mackenzie King

### Has Long Record Of Fraud Charges

Harry Taylor, Who Victimized Local Business Concerns, Being Sentenced This Afternoon

Harry L. Taylor, who victimized one bank and several local businessmen with worthless checks recently, is appearing before Judge F. McE. Young in County Court this afternoon for sentence, having pleaded guilty last week to two charges of obtaining money by false pretences. Accused has a very unsavory record for fraudulent offences and has already served two prison terms in Canada, as well as having been deported from the United States.

Taylor was committed for trial this morning by Magistrate McClymont in city police court on a third worthless check count. The check in question was one for \$30 which he is alleged to have cashed at the Royal Bank on February 4. It was the second he is charged with having cashed at that bank, the first having been for \$50. The check was drawn upon the Imperial Bank of Canada in Vancouver and was found to be worthless upon being returned from Vancouver. Taylor is appearing for election on the third count before Judge Young this afternoon.

### Dominion Government Realizes Long Cherished Hope; Appointee Is Mother of Eight Children and Prominent in Business

OTTAWA, Feb. 17.—Canada's first woman senator, Mrs. Norman F. Wilson of Ottawa, was appointed on Saturday. Premier King, in making the announcement, said that his government had been anxious to take advantage of the earliest opportunity to recognize the rights of women to sit in the senate. Mrs. Wilson, the premier pointed out, had taken a very active part in dealing with social questions. Her father was the late Senator Robert Mackay of Montreal and her husband was a former member of parliament for Russell. For years she had been active politically and was now an honorary president of the National Federation of Liberal Women of Canada, which organization she had been instrumental in bringing into being.

### CHANGES IN TRAIN TIMES FORECASTED BY LOCAL REPORTS

While no official announcement is as yet available in railway circles here indicates that the present policy last fall by C.N.R. officials that longer stopovers would be afforded for tourists here is to be implemented this year. According to reports that are current here, trains will leave for the East this summer in the early afternoons and will arrive soon after noons. Boats will arrive, as in the past, at 10:30 in the mornings and sail at 4 o'clock in the afternoons, thus giving stopovers here of an hour or so for people travelling in either direction.

VANCOUVER, Feb. 17.—Archibald Alexander Johnston, former police chief at Medicine Hat and a resident here since 1919, was shot to death by an unidentified assailant on Saturday in his office on Hornby Street. The slayer escaped when he threatened with his gun Mr. and Mrs. A. S. Cox, operators of the apartment building in which Johnston had his office. Mrs. Irene Baude Bruum, living in a neighboring apartment building, narrowly escaped when one of the bullets fired at Johnston went through the window of her kitchen and whizzed past her head.

For some time, it is said, Johnston had been accepting bets on the Ague Callente races and police believe that the shooting resulted from racing transactions between the victim and the slayer.

Johnston owned an apartment block in this city and had his home at Shaughnessy Heights. His wife heard of his shooting while attending a matinee.

France's demand for naval tonnage of 74,479 has brought from British spokesmen a warning in substance to France: "If you insist in your attitude we must consider the necessity of revising our own requirements, which are virtually settled in an agreement with America."

Premier Tardieu is ill in Paris and there is little hope of tackling the problem until he returns to England.
