MARATHON FOR WOMEN

Event at Toronto This Year Will See Many of Noted Canadian Swimmers Taking Part

TORONTO, Aug. 12:-There will be a number of well known swimmers taking part in the big women's marathon here August 22.

Among the fair swimmers, the current titleholder, Martha Norelius is, by her marriage to the Canadian oarsman, Joe Wright jr., a Canadian, and will, if she swims, which is indefinite, be entered as a Canadian.

Olive Gatterdam, Seattle school girl, who came within a few yards of taking the title from Ethel Hertle in 1928 has now adopted the Dominion as her home. Last year, she did not rank in the money and is, therefore, redoubling her training efforts for this race.

Tower of Denver, an unknown among marine stars, landed in third place after a great performance. In 1929, she moved up one place and stuck right to the heels of the great Norelius all the way to finish second. In the meantime, she, too, has turned Canadian. She is now Mrs. G. H. Corsan jr., of Toronto. Never British Contestants at Empire having failed to place among the prize winners, she hopes to progress to the pinnacle this trip and left for the Muskoka Lakes weeks ago to
