

AWAY WITH DRUGS

A NOVEL BREATHING CURE FOR THROAT & CHEST.

The introduction of Peps, the famous, new breatheable remedy for coughs, colds and chest troubles, has revolutionized the treatment of these ailments. Previously, when suffering from any of these, it was customary to dose oneself with drugs, which were not only harmful, but practically useless, because, being generally in liquid form, they did not reach the lungs and chest, but the stomach. Thinking people, long ago, realized that any remedy that was to reach the lungs direct must be in breatheable form, but for lack of a better treatment the old-fashioned method of swallowing liquids into the stomach continued until science overcame the difficulty by producing Peps. Peps is a breatheable medicine in tablet form and the new Peps treatment is so simple and inexpensive that it is within the reach of all.

You simply dissolve a Pep in your mouth, and the medicinal fumes, which are given off, mingle with the breath and are carried down to the remotest parts of the throat, bronchial tubes and lungs. These medicinal fumes are antiseptic, healing and strengthening. They stop a cough by destroying the germs which cause the inflammation and consequent irritation. They clear the breathing passages of phlegm—which makes them so splendid for bronchitis—and they soothe and strengthen all the delicate membranes of chest and breathing passages, fortifying them both against infection and sudden changes of temperature.

Peps are free from all trace of opium, laudanum, paregoric, or any other harmful drug, and are therefore best for children's coughs and colds. Write for FREE trial package.

THIS WONDERFUL MEDICINE PROVIDES a natural cure for coughs, colds, sore and relaxed throat, bronchitis, laryngitis, weak chest, catarrh, hoarseness, children's coughs and colds, croup and other throat and chest ailments. All dealers of Peps Co., Toronto, 50c. box, 3 for \$1.25.

A turkey dinner was given by Fred. Fraser, at the home of the government agent. The affair was a big success and the guests will have pleasant memories of an enjoyable event.

The citizens of this place are trying to get a new town development scheme put through whereby the north and south sides may work together. A meeting was held Saturday night to discuss plans and to hear what Herbert Vanderhoof and N. T. McMillan thought about it. Both expressed their approval of the architect going on with their present plans. At the same meeting Chas. Grant, field secretary of the International Editorial Association, was heard. He was accorded a hearty welcome and a resolution of gratification on the news that the Association was to take over the new hotel for an Editor's Home was passed.

EXPORTS— Canada Must Build Up Trade Overseas

Aims of the NAVY LEAGUE OF CANADA

- To emphasize Canada's opportunities and responsibilities on the sea.
- To raise funds for the relief of our merchant seamen, injured in the war, and for dependents of those who were killed.
- To maintain sailors' homes in our ports.
- To train boys and young men for our merchant ships by the organization of Boys' Naval Brigades.

CANADA is vitally interested in trade extension overseas, for this so closely affects our national wealth. We are daily losing export business in favor of foreign competitors, because we lack shipping facilities. Our Dominion is undertaking a great shipbuilding program, recognizing that we must build a fleet to build our trade. The Navy League of Canada is straining every effort to prepare Canadian boys to man Canada's ships which will carry Canada's goods to the waiting markets of the world. This is the work of the Boys' Naval Brigades, and it is a matter of primary interest to every Canadian that this movement should not be handicapped by lack of funds.

Nelson Day Campaign for \$500,000

OCTOBER 21st, 22nd, 23rd

"Canadians Must Sail the Seas"

Boys' Naval Brigades are already established and operating in Charlottetown, Halifax, Montreal, Toronto, Saskatoon, Calgary, Victoria and Nanaimo, and many other branches must be organized from East to West in order that the younger generation of Canadians may have the opportunity for free training in seamanship and so will be ready to meet Canada's great need.

You will help. You cannot afford to withhold interest in the outcome of this campaign; it is too vital to future issues. For the sake of our boys and of our export trade you will give, and give liberally to the cause. By helping the work you will be helping yourself.
