

RHEUMATISM FOR OVER 16 YEARS

No Return Of The Trouble Since Taking "Fruit-a-tives"

108 Church St., MONTREAL.
 "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used ointments; but nothing did me good. Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

MAYOR REPORTS ON TELEPHONE

Advices Installation of Automatic System When Time Comes To Put in New One.

The report of the mayor regarding a new telephone system which he had been looking into while in the south was received by the city council last evening. The mayor gave a verbal explanation of his report as it was not as full as he would have liked owing to the short time he had to prepare it. He stated that he had not got as far as he had wished with the matter and was not very well versed on such matters from a mechanical standpoint.

However, he had taken up the matter with various authorities and had ascertained that practically all of them were highly in favor of the automatic system instead of the manual system. From the standpoint of economy, the use of this system would save at least \$8,000 per year in wages which would more than pay the interest on the capital required to float the new system.

The mayor did not, however, express himself as being in favor of installing a new system. He was of the opinion that the city could get on for some time yet by installing a new panel which would cost about six thousand dollars. The present tendency of the people was to defeat money by-laws anyway, and it would be necessary to raise bonds for a new system. He had called upon the Northern Electric Co. at Vancouver. Owing to the rush of business in the west one of their head engineers is coming to Vancouver and the company had offered to send him to Prince Rupert to report on the local situation free of expense to the city, as he would return to Montreal this way.

The report was laid on the table.

NO SALARY RAISE FOR POLICE MAGISTRATE

Consideration of Application by Col. McMordie Laid Over for Six Months.

At last night's council meeting, the request of Magistrate McMordie for a raise of salary from \$1,200 to \$2,000 was laid over for six months on the recommendation of the Finance Committee.

Ald. Perry inquired the reasons for this report and Ald. Rochester explained that this course was taken because Magistrate McMordie had been in that position only a short time, his duties did not take up much of his time and therefore did not interfere very much with his private business, and, furthermore, the matter of an increase to the police magistrate had been brought up before and had been turned down by the city council. The Finance Committee could not see that the circumstances had changed since then but they felt that when the proper time came that the police magistrate's salary would be increased.

GOVERNMENT SHOULD ADMINISTER JUSTICE

That Was Opinion of Municipal Convention According to Report of Mayor.

At the Council meeting last night, the mayor reported on the opinion of the Municipal Convention as to the Administration of Justice and Education in the municipalities. The convention was in favor of the government taking over the entire control of these branches. The appointment of magistrates and crown counsel was made by the government and they also set their salaries, but the cities had to pay them, which was not fair to the cities.

In the matter of schools some extra source of revenue would have to be forthcoming before city municipalities would be able to administer them without going behind.

At the week end a hunting party consisting of John McRae, George Munro, A. Finnie and W. H. Melliar were out on a hunting trip to Porcher Island. They brought home three deer.

V. Bayne, of North Vancouver, who had been spending a couple of weeks visiting his son, Dr. Bayne, returned home on the Sunday night boat.

Look to the Future

Begin with the Boys

THE glorious victories of Drake and Nelson were destined to be the foundation of our Empire and the guarantee of the freedom of the seas, which makes possible the vast international trade of Britain and her Dominions.

And yet when Drake and Nelson chose the sea as their life-work, who was there to know what would be the overwhelming consequences of their decision?

Today, if you have any question in your mind as to whether you should support the work of the Boys' Naval Brigades, study the matter with an eye to the future. Get clearly in mind the tremendous importance of Canadian products reaching foreign markets, which can only be assured by the building of a great Canadian Mercantile Fleet, manned with Canadian Seamen!

We may build ships by the thousand, but if we cannot man them ourselves our position is still economically unsound. If we do not train Canadian lads to man our merchant fleet, we shall be left behind in the race for export markets—we shall have missed the greatest opportunity for trade expansion in all history!

What will YOU do to help some Canadian boy who is anxious to learn seamanship, and so be of the greatest service to his country?

Let your contribution to the fund be a worthy answer. Help them by giving!

Aims of the NAVY LEAGUE OF CANADA

- To emphasize Canada's opportunities and responsibilities on the sea.
- To raise funds for the relief of our merchant seamen, injured in the war, and for dependents of those who were killed.
- To maintain sailors' homes in our ports.
- To train boys and young men for our merchant ships by the organization of Boys' Naval Brigades.
