TELLS OF OLD LAND

A very interesting talk was given members of the Prince Rupert Gyro Club, at their monthly open luncheon in the Commodore Cafe yesterday, by Rev. Alfred Wilson, pastor of First United Church, who humorously at some times and seriously on other occasions, described some of his experiences on a recent trip to England. In opening his remarks, Mr. Wilson mentioned the value of travel and cited some of the benefits to be derived therefrom.

While any observations that might have been made during so short a stay as he had made in the Old Country must necessarily be very cursory, Mr. Wilson was, nevertheless impressed with the improved standard of living there and the greatly increased sobriety of the people. During his stay in England, Mr. Wilson visited a number of churches especially in the rural districts. He mentioned the valuable part the churches were playing in the national fabric of the country.

Mr. Wilson also gave his hearers a brief but interesting description of his impressions of the great British dirigible R-100 which he saw at St. Hubert, Quebec, while a damaged fin was being repaired following the balloon's westward crossing of the Atlantic Ocean.

At the conclusion of his address, Mr. Wilson was heartily thanked on behalf of the club by C. A. Kirkendall, the president, who was in the chair.

Guests at the luncheon included Edward Lipsett, Ray Worlock and Mr. Erickson.

L. W. Waugh was the winner of the luncheon raffle.

There were remarks by four candidates who had been initiated and a brief musical program included violin and piano duets by John Campbell and William Beaumont and vocal solos by J. A. Teng, accompanied by William Beaumont.

There was a large attendance.
