**RATING OF CANNERIES**

During the discussion in regard to the new fisheries regulation there has been a good deal said about the rating of canneries and the fact that some canneries not operating are given ratings. This really does not affect the question insofar as the fishermen are concerned. It is a matter which has been thrashed out by the canners themselves and on which an agreement has been reached. If rival canners are not now objecting there seems no reason why other citizens not directly concerned should worry themselves.

**PROSECUTION OF BROKERS**

The sudden outburst against brokers in the south rather tends to bring discredit on the whole profession. There is no doubt irregularities have occurred but there are also many brokers who absolutely will not stand for anything but the fairest and straightest dealings. The profession is just like any other. There are good and bad in it. Possibly at a time like that through which the country recently passed there are temptations to do things which at an ordinary time would be avoided. It was the same in real estate when some of the finest men in the country who afterwards made good in high positions very nearly avoided going to jail.

**ROCHER DE BOULE**

Some years ago the Rocher de Boule mine at Hazelton was shipping ore through Prince Rupert to the advantage of Hazelton and this port. Now it is said the mine is to be reopened and it is hoped ore will again flow through this port on the way to the smelter. Even should the ore not come this way we hope the mine will be operated.

**DEBATE ON ADDRESS**

The new plan of cutting short the debate on the address in reply to the speech from the throne is to be commended. Both parties have done their part in connection with this. The opposition is to be commended for not dividing the House on the debate as has been done in the past. Now they can get down to work on the real business of the session instead of spending their time in more or less idle talk.

**Full Speed Ahead  
 Soon**

Many people do not realize that the Northern Power Company, a subsidiary of the Power Corporation of Canada, is really constructing a large hydro-electric plant to serve the city of Prince Rupert and adjoining territory. The site for the plant is being prepared and the right-of-way for the high-power lines connecting Big Falls on the Ecstall River with the city is being cleared and that during September next it is expected to turn on the power from the first unit.

What does this mean to Prince Rupert? It means that the largest power corporation of Canada has faith in the future of the city and district and already sees a market for its product.

Under the impetus of the new movement, Prince Rupert will grow. Industries will be developed and all will feel the benefit.

Prince Rupert people must prepare for the change. New buildings will be necessary. If there are no vacant houses in the city today, what will be the condition when people begin to come in?

The Daily News is alive to the situation and is laying its plans. Others must do the same if they are to keep pace with the new Prince Rupert.

**SCHOLARS  
 ANNOUNCED**

Winners of Rhodes Award in Various Provinces

MONTREAL, Feb. 3.—As the result of elections held throughout Canada eight Rhodes scholars have been appointed to go into residence at Oxford University next October. There was no appointment in British Columbia, the selection committee there deciding not to make any award this year, but this will allow a double appointment to be made next year, providing of course two candidates of sufficiently high standing offer themselves.

The applicants for the scholarships this year have been rather more numerous than has been usual before, and the men chosen by the various provincial committees, in whose hands the entire and often arduous work of selection rests, appear very promising both on their personal showing and on their university work, it is announced.

This group of scholars will be the first to go up to Oxford under the new ruling that makes it possible for Rhodes scholars in their third year to carry on their work at a university other than Oxford, provided they make application to do so, and also that the proper authorities at Oxford deem it best under the circumstances in view of the work already done.

It is also worth noting that the scholarship is attracting more students of science and mathematics of various kinds to apply—it having been made clear that there is no discrimination made by selection committees as between students of science and of arts on the ground of their academic interests.

In Alberta the scholarship was won by H. W. Morrison, son of Judge Morrison of Alberta. Mr. Morrison has distinguished himself in his studies in English literature, and looks forward to continuing this work at Oxford.

The appointee in Saskatchewan was Orvald Arthur Gratias of Saskatchewan University. He has specialized in science and mathematics, won a National Research scholarship last year, and is now working for M. Sc. Mr. Gratias has also distinguished himself in athletics. He means to continue his work in science at Oxford.

In Manitoba the scholar, J. Robert Beattie, a native of British Columbia, is interested in mathematics, and will probably continue this work at Oxford.

Messrs. C. H. Little and L. M. Gelber will represent Ontario, the first, besides being a valuable member of the 1929 Toronto football team, has achieved real distinction in his study of modern languages, while Mr. Gelber has exhibited in the realm of philosophy and literature unusual capacity.

In Quebec the prize was carried off by Messrs. E. Veilleux and Chas. Bilodeau, both from Laval University, Quebec. Mr. Veilleux is an accomplished linguist and proposes to study law at Oxford. Mr. Bilodeau has displayed his powers to advantage in economics and finance, and looks forward to developing them still further abroad.

In both New Brunswick and Nova Scotia the scholars elected this year are students of science, and both of them curiously enough in the field of chemistry. D. B. Frasef of New Brunswick will probably go into medicine, while Mr. Forrest Murgrove of Nova Scotia has already been doing advanced work in Toronto University.

**BAPTISM  
 SERVICE**

Special Rites Observed Yesterday Afternoon in St. Paul's Lutheran Church

A special children's and baptism service was held yesterday afternoon at 3:30 in St. Paul's Lutheran Church, with the pastor, Rev. John E. Hanson, officiating. The program included a song by the children, scripture reading and prayer by Mr. Hofstad of Bella Coola, a song by the congregation, and a few appropriate remarks by the pastor. The following children were baptized: Rolf, son of Mr. and Mrs. Thor Selvig; sponsors, Mr. and Mrs. G. Selvig and Mr. and Mrs. Leo Sandvar.

Mary, daughter of Mr. and Mrs. Aksel Peterson, sponsors, Mr. and Mrs. H. Mork and Mr. and Mrs. John Dohl.

**Children's Party  
 Is Great Success**

Attendance Was Very Large at Hill Sixty Chapter Affair on Saturday Evening

The annual children's party of Hill Sixty Chapter, Imperial Order, Daughters of the Empire, on Saturday evening was a great success. There were no less than 145 children in attendance and they thoroughly enjoyed themselves with dancing and games from 7 until 10 p.m. As a result of the affair, the sum of \$32.50 was realized to aid the children's ward fund of the chapter.

The ladies in charge of the party were Mrs. A. J. Curzon, Mrs. A. C. Brand, Mrs. H. M. Foote, Mrs. Jack Frew, Mrs. L. W. Patmore, Mrs. W. Currie, Mrs. J. H. Macey, Mrs. H. B. Rochester, Miss K. Allan, Miss Sharpe, Miss Lorna Tite and Miss O. McArthur.

**HON. PETER CHARLES LARKIN  
 PASSED AWAY THIS MORNING  
 AFTER FORTNIGHT'S ILLNESS**

(Continued from page one)

Toronto, and president of the Salada Tea Co. of Canada, Ltd. Eleven of the largest cities in North America, also London, England, have huge tea warehouses in connection with Mr. Larkin's widely extended mercantile enterprises. Mr. Larkin was the originator of the idea of delivering tea to the public in sealed lead packets. He was referred to at times as the "Tea King of America."

**Was Philanthropist**

Hon. Mr. Larkin was among the foremost of Toronto's citizens in beneficent and benevolent work. He was a trustee and the vice-chairman of the Toronto General Hospital Board since 1904. He was prominently identified in the local campaign against the spread of tuberculosis, and in 1909 he was elected president of the Toronto League for the Prevention of Tuberculosis. He was an active member of the Toronto Improvement Society. He was a director of the Ontario Club, of which he was president for a number of years. He was treasurer of the Ontario Liberal Association for a long period, and he was frequently spoken of as a probable senator.

Mr. Larkin was Canada's representative on the royal commission which was appointed to investigate and report upon the conditions and resources of the Empire in matters of industry and trade, as recommended by the Imperial Conference in 1911.

A much-travelled citizen of the Empire, Hon. Mr. Larkin's personal interests were extensive. He was well known as a patron of art and was a connoisseur of art works. He was a lover of literature and had a well developed hobby for architecture. He was a close student of men and their methods, and gave much careful thought to matters of national and imperial concern. He was a warm personal friend of the late Sir Wilfrid Laurier. Mr. Larkin was regarded as one of the best-dressed men in Toronto, and he invariably wore a s'lk hat when he appeared in public. He was said to have been the most heavily insured man in Canada, his life policies being estimated at \$900,000. He was accompanied to London on his high commissionership mission by Mrs. Larkin, formerly Miss Jean Ross of Cobourg, Ont., and their daughter, Miss Alice Larkin. The son, Capt. Gerald Larkin, remained in Toronto as manager of the company of which his father was head.

**Salvation Army  
 Corps Officers  
 Are Installed**

At the evening meeting in the Salvation Army Citadel yesterday, local officers of the corps for the year were commissioned as follows by Adjutant William Kerr:

- Sergeant-major—Andrew Martin.
- Treasurer—Howard J. Chalk.
- Sunbeam leader—Miss Dolly Smith.
- Cadet guardian—Mrs. John Joyce.
- Corps drummer—Frank Pierce.
- Leader of Life-Saving Scouts—George Almon.
- Corps guards—Miss Dolly Smith, Miss Edith Leek and George Almon.

**NOTICE**

I hereby give notice that I will not be responsible for any debts incurred unless ordered by myself.  
 J. PAULIS. 29

as seconds count in  
**RACING...**

...so "Buckley's"  
 needs only seconds to relieve  
 that SORE THROAT

TAKE it straight and let it trickle down the throat; or dilute it in warm water, then gargle and swallow—either way brings speedy relief for sore throat.

Buckley's Cough and Cold Mixture is different from anything else. Different formula. Looks different—nothing like the ordinary sticky cough syrup. Smells different—a penetrating, aromatic odor that clears the head. Tastes different—an agreeable, warm, strong, stimulating taste.

A different action—super-speedy, invigorating and fortifying.

For sore throat, hoarseness, throat tickle, coughs, cold, bronchitis, Buckley's Cough Mixture brings quick relief. Two sizes: 75c (40 doses)—40c (16 doses). Every druggist sells "Buckley's".

If your cold is already severe and accompanied by fever, headache or neuralgia take LAXPYRIN and speedy relief will follow.

**BUCKLEY'S  
 MIXTURE**  
 Acts Like a Flash - A SINGLE SIP PROVES IT

During this week your druggist (druggists everywhere) are making special efforts to interest you in Buckley's Mixture.

**EGG PRICE  
 FLUCTUATES**

Should Be Going Down Soon; Butter and Sugar Prices Soft

There is considerable fluctuation in the price of eggs locally just now. In a month or so the spring downward movement in price should commence. The butter market remains about the same, with Prince Rupert merchants selling this commodity on a narrow margin of profit. There has been a slight increase in the price of sugar.

The potato market is steady and it is probable that there will be little changes in price this spring. There is little variety just now in the fruit and vegetable markets. A number of varieties of apples have disappeared. No tomatoes are obtainable locally at present. Mexican tomatoes are being quoted in the south but the prices are prohibitive while the quality is not good enough to stand shipping north.

The February market list includes revisions in the feed and meat sections.

**COUNTY COURTY  
 SESSION TODAY**

Only One New Case On Docket For February Hearing; Patmore and Fulton vs. Flewin

Only one new case was presented for hearing at the regular monthly sitting of the County Court this morning before Judge F. McB. Young. In this action Patmore & Fulton are suing John Flewin of Port Simpson for some \$260 odd for professional services rendered. E. F. Jones is counsel for the plaintiff, and Williams, Manson & Gonzales for the defendant. Hearing was set for February 27.

Other cases stood over from previous courts were set as follows: Hanson vs. Dahl, February 7; Rutlan vs. Moen, February 6; Hepner vs. Silke, Silk and Jewell (three cases), February 28; Green and Ryan vs. Marmot Consolidated Mining Co., February 24; Comer vs. Crawford, February 26.

A song service was conducted in the Prince Rupert General Hospital yesterday under the auspices of United Church. Rev. Alfred Wilson officiated and there were selections by a vocal quartette consisting of Mrs. T. H. Ross, Miss Edna Vickers, Mrs. McPhee and George Edgcombe, with Mrs. A. Wilson presiding at the piano.

**THE LATEST NEWS**

A travelling salesman found himself in a village hotel dining-room when a heavy downpour of rain set in. Addressing the waitress he remarked: "It looks like the Flood."

"Like what?" the girl inquired. "Like the Flood. You've read of the Flood and how the Ark landed on Mount Ararat, haven't you?"

"No, sir. I haven't seen a newspaper for three days," confessed the waitress.

The big diamond found some time ago in Brazil is valued at about \$150,000. It is said to be the third largest diamond ever discovered in the country, weighing 128 carats and being pinkish in color.

**CRIBBAGE**

February 3.—C.N.R.A. vs. I.O.O.F.; Grotto vs. P.R. Hotel; Operators vs. Cold Storage; New Empress vs. K. of C.; Seal Cove Sawmill vs. Moose; L.O.L. vs. Eagles.

Business at the regular monthly meeting this morning of the Prince Rupert Ministerial Association was largely of a routine nature. Rev. John H. Hanson, the president, was in the chair, and there present were Adjutant William Kerr, Rev. Thomas McConnell, Rev. C. E. Motte, Rev. Dr. F. W. Dafoe and Rev. Alfred Wilson, as well as a visitor from Bella Coola, Rev. J. E. Rendle.
