Japanese Ball Team May Come For the Fall Fair

It is very probable that a Japanese baseball team will be here for the fall fair. There is a team at Ocean Falls that would like to come and the matter will be considered at the meeting of the fair board next week.

The team has been recruited partly from the famous Asahis of Vancouver and it is possible that they will not only play a local Japanese team but may also be matched against one of the regular Prince Rupert teams.

SPORT CHAT

Arrangements for the football challenge game between the Oldtimers and th Legion Football Club winners of the Dominion Day Cup are under way. A meeting to arrange further details will be held next week. In the meantime it is generally believed that the oldtimers are leaving nothing chance and have gone into strict training. Skipping ropes are at premium and punching bags are having a terrific existence. Twenty-five are anxious to take on the present-timers so the competition only those in the pink of condition have a chance of that honor.

LIPTON MAY WINRACE

Shamrock V Said to Be Very Likely to Meet With Success In Fall

LONDON, Aug. 2:- Hope runs high in the British Isles that Shamrock V., Sir Thomas Lipton's challenger for the American Cup, will be successful. It is a seaworthy and speedy craft that wil lcarry Lipton's colors in the races next September. Vedette, writing in the Illustrated Sporting and Dramatic News, has the following interesting comment to make:

"In the past contests for the America's Cup the challengers were frequently of such fragile construction that the crossing was likely to (and did) impose severe strains, to which, of course, the defenders were not subjected. Nothing has done more to restore the new feeling toward this trying contst than the decision that both challenger and defender must be of equal strength, and built Lloyd's highest specification. Sin Thomas Lipton's new vessel has been most thoroughly tested in all sorts of weather. She has sailed 2: matches and her form has steadily improved. In the words of her skipper, Captain Ned Heard, 'Shamrock is beautiful, and she is all right.' And from all I hear it clearly appears that no challenger ever left these shores with a brighter chance of success. On finishing her trials Shamrock had sailed 22 races, of which she had won 15, Lulworth having beaten her six times, and Britannia once. She is now sailing on her voyage to America."
