Very Rev. J. B. Gibson, Dean

Morning prayer and holy communion at 11 a.m. Evening prayer and sermon at 7:30.

When Pain Comes

Two hours after eating

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention. One spoonful of this harmless, taste-

less alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

Ford Executive Solves Problem of Travel Time With Airplane

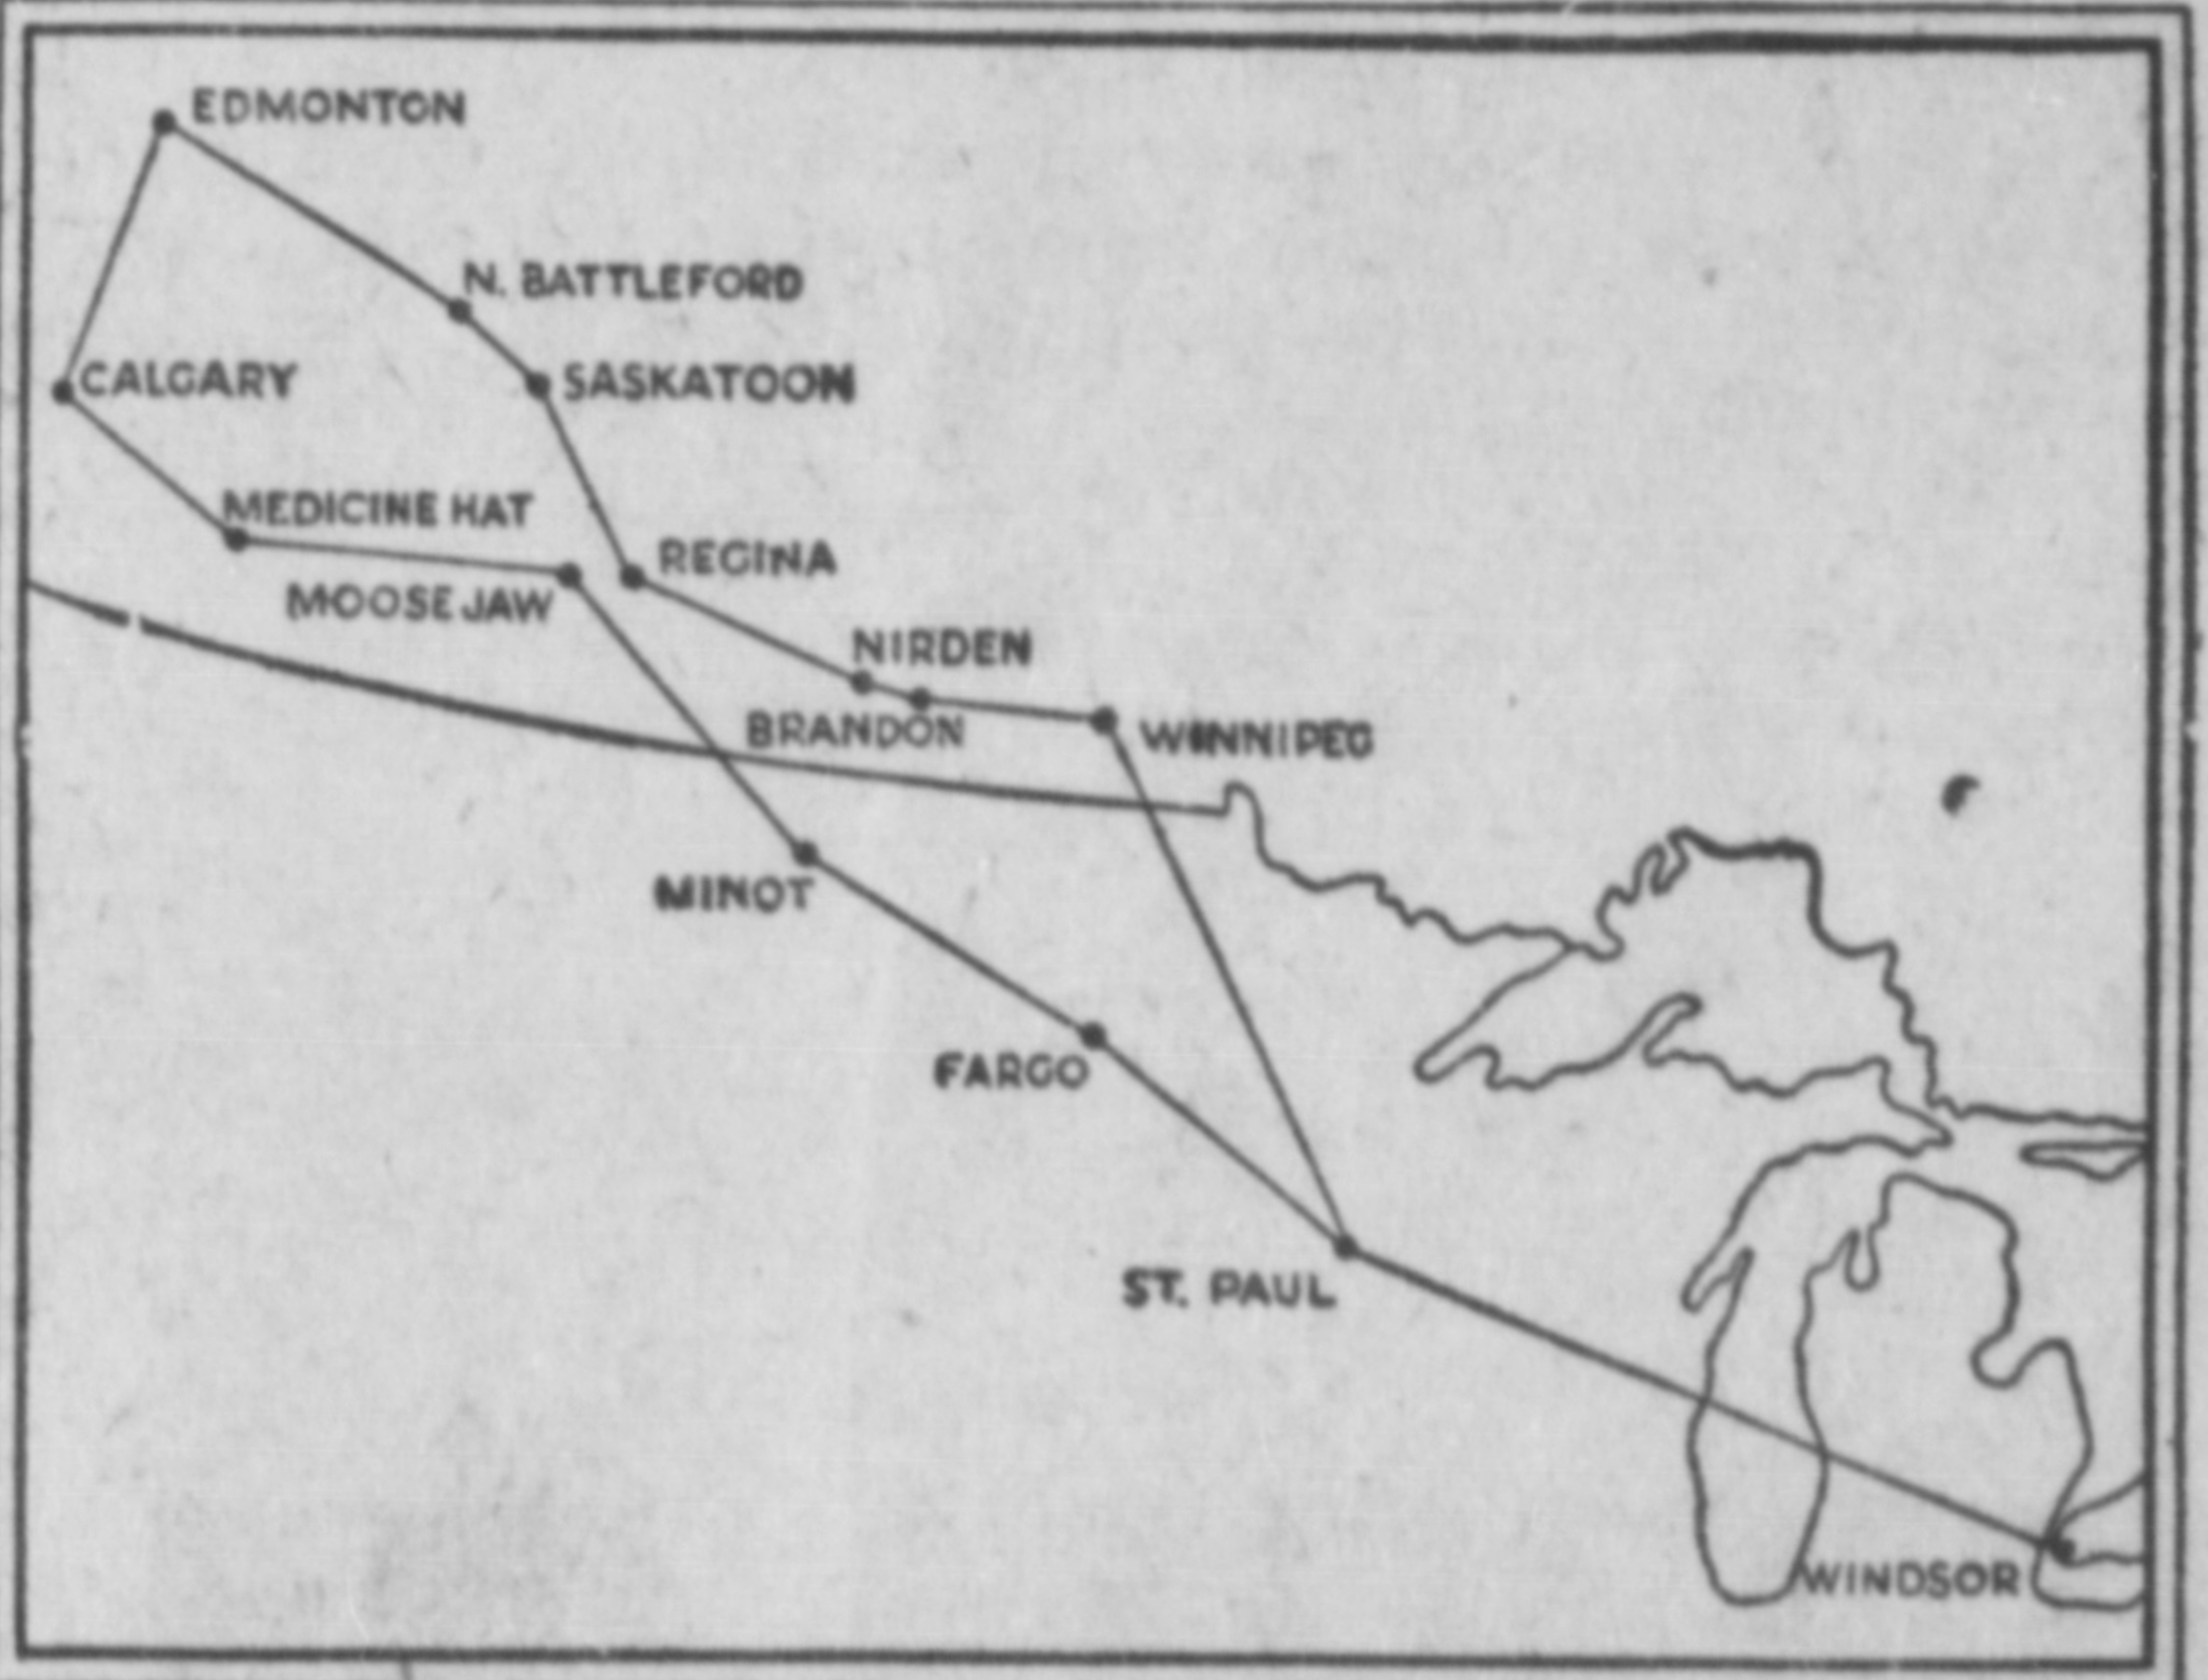

Crowd Examining Ford Tri-Motor Plane, the First Air Transport Seen in Many of the Western Provinces.

—Mr. Wallace R. Campbell, President, Ford Motor Company of Canada, Limited.

WHEN the modern executive plans a hurried inspection trip to his branch factories and dealers he turns to the airplane for rapid transportation and quick jumps over long distances.

When Mr. Wallace R. Campbell, president of the Ford Motor Company of Canada, Limited, found two weeks which he could devote to a long-deferred survey of his western Canada branches he chose a Ford tri-motor club plane as the vehicle best able to cover the territory in the time available. Travelling in the great luxurious air yacht was as comfortable as riding in the best Pullman train and thrice as fast. During the 12-day tour which carried the Canadian industrialist as far north as Edmonton and as far west as Calgary the plane travelled 3,700 miles in a total flying time of 36 hours, 10 minutes. The tour enabled Mr. Campbell to inspect branch factories, confer with dealers, study economic conditions in the Prairie Provinces and shape the plans of his company for future activities in those areas. He

found economic conditions improving, favorable prospects for a fair wheat crop and business men generally fighting vigorously to restore prosperity.

During the tour, Mr. Campbell had as his guests on plane flights Hon. J. D. McGregor, lieutenant-governor of Manitoba, and Hon. W. G. Egbert, lieutenant-governor of Saskatchewan, flew with the party from Regina to Calgary. Miss Edna Newlands, daughter of the lieutenant-governor of Saskatchewan, flew with the party from Regina to North Battleford, piloting the big plane herself part of the way.

The first day's flight from East Windsor, Ontario, carried Mr. Campbell and his party via St. Paul to Winnipeg, a distance of 929 miles, in 8 hours, 45 minutes, much of the time against head winds. The same jump by train would have required 36 hours, or the total time consumed on the 3,700 mile flying survey trip.

The route of the tour from Winnipeg was via Brandon and Warden to Regina; Moose Jaw, Saskatoon and North Battleford to Edmonton; thence to Calgary and through Medicine Hat, Moose Jaw, Minot, North Dakota, and St. Paul, back to East Windsor. Only once did weather conditions delay the party and that was when a violent dust storm raged over the prairies, forcing the plane back to Regina after it had fought its way against the storm and a 35-mile wind to a point 25 miles north of Moose Jaw, when all other planes, including the mail planes, were grounded.

Mr. Campbell found the people of Western Canada very air-minded and actively supporting the development of some of the finest airports to be found in the Dominion. Crowds of 10,000 to 15,000 persons turned out in some of the larger cities to greet the party and view the Ford plane, the first tri-motor transport to be seen in those provinces outside of Winnipeg.

OUTH by steamer to Vancouver, Victoria, Seattle and intermediate ports—Mondays, Wednesdays, Thursdays and Saturdays.
For Anyox and Stewart—Mondays and Fridays.
For Alaska Ports—Wednesdays and Saturdays.
Also regular sailings for Skeena and Naas River ports and North and South Queen Charlotte Islands.
Passenger trains for Edmonton, Winnipeg and all points East leave daily except Sunday at 1 p.m. Low fares NOW.
