

Had Lucky 2 to 1 Victory over Canadian Legion in Football

Scoring the first goal, having a counter put accidentally into its own end by one of its own players' and having the margin of the play! in the second half although unable to score, the Canadian Legion was unfortunate in not winning last night's Gilhuly Cup football fixture and more unlucky still in losing to the Regiment by a score of

Charlie Baptie scored the first for the Legion, a good clean goal. Then, from a corner kick, Jack Hilditch headed the ball into his own goal. The teams crossed over with the score one all.

The Legion again had the best of the play in the second half but its forwards were unable to score. Norrington put in the winning goal for the Regiment.

There was a fair crowd of spectators at the match which was refereed by James Andrews with Alex Clapperton and C. L. Youngman presiding on the lines.

Players were: Canadian Legion- Smith; W. Mitchell and Jack; Currie, G. Howe and Angus Macdonald; Ward Hadden, Baptie, Hilditch and Campbell.

125 million explosions in every grain break open every food cell . . . give Puffed Grains the virtual nourishment of hot cooked cereals.

W/ HAT makes Puffed Grains so crisp ... light W and crunchy . . . delectably good to eat?

They're different from all other cereals because they are "food shot from guns." Plump, meaty grains of wheat and rice are sealed in huge bronze guns. The guns are revolved in fiery ovens. Then fired.

This causes 125 million explosions in every grain. It breaks open every tiny food cell. Thus Puffed Wheat and Puffed Rice become as completely digestible as though they had been cooked for hours. Hence virtually as nourishing as hot cooked cereals.

In addition, the grains are puffed to 8 times normal size. They have all the buttery crunchiness of fresh toast. They taste like sweet new nut-meats.

Delight your family with this splendid grain nourishment in this dainty, enticing form. Serve Puffed Grains for breakfast. As lunches for children. Toast them with butter to make a delicious, new kind of popcorn. Your grocer has Puffed Wheat and Puffed Rice. The Quaker Oats Company.
