: CLEAN UP COW BAY

Preliminary Step With This End in View Taken By City Council

The street of the state of the As a preliminary to ordering the removal of old boats that for years have cluttered up Com Bay to the west of the Cow Bay bridge and proven an eyesore to the upublic, the city council, on recommendation of the board of works, decided last night to seek the legal opinion of the city solicitor as to the power of the city to take such action.

Ald. Brown thought that a few dollars, spent while sewer construction was proceeding in the vicinity, might go a long way towards clearing up an unsightly mess.

Ald. Rudderham wondered if the fact that some of the hulks were lying on city property might have any effect upon the matter. If a unisance existed, the city

might compel those responsible to have it removed, Mr. Jones stated. The solicitor will make his report on the matter to the council at its next meeting.
