M'LARNIN WON BOUT

Vancouver Boy Humbled Lightweight Champion in Chicago Saturday Night

CHICAGO, March 3:—Jimmy McLarnin, the baby-faced Irish boy from Vancouver, again humbled Sammy Mandell, the lightweight champion, here on Saturday night when he won a comparatively easy decision in 10 rounds. Both boys were fighting over the lightweight limit and the bout was a non-titular one.

It was the second time that McLarnin demonstrated that he was Mandell's master at 145 pounds. The Vancouver boy gave the lightweight king the most thorough pasting he had suffered since he became a ranking boxer but he could not knock out the crafty Italian.

McLarnin took seven of the ten rounds and in the second and sixth had Mandell in bad shape.

Prince Rupert—Cloudy, light wind; temperature, 33.

Several pilots who formerly operated in this district are now identified with the new air mail service on the prairies west from Winnipeg. Among these are Major G. A. Thompson, who flew the old monoplane Hazelton here and at Hazelton nine years ago; Major D. L. MacLaren D.S.O., who was in fisheries patrol service here for the Western Canada Airways, and W. N. Assets amounting to \$24,000,000 are written off due chiefly to revaluation of the Sumas and Okanagan development schemes.

Reversion to the crown of improved lands on account of tax arrears is a problem of growing seriousness, Mr. Shelly said. This was partly responsible for the annual cash loss of \$1,000,000.

Assets amounting to \$24,000,000 are written off due chiefly to revaluation of the Sumas and Okanagan development schemes.

BRADY TALKS PEACE RIVER

Peace River country, J. C. Brady, M.P. for Skeena, said in the House of Commons at Ottawa last week, needed an outlet to the Pacific and Prince Rupert was its logical port. He regretted the fact that the Canadian National and Canadian Pacific Railways had taken over the Northern Alberta line. By launching on this project instead of opening a road to the Pacific the government was allowing the future of the greatest part of Canada to be jeopardized.

Sir Wilfred Laurier, he said, had visualized Prince Rupert as a world port. Now, the present government was stifling it by denying to the people of the Peace River an outlet to their legitimate port.

COMMITTED FOR TRIAL

Nicoli Martynowicz Sent Up At Prince George On Serious Charges

Nicoli Martynowicz, Pole, was committed for trial at Prince George last week by Stipendiary Magistrate N. P. Moran on two charges—one of defacing currency and the other of having explosives in his possession on a railway train. Accused will come up for trial at the spring session of the Supreme Court Assizes opening at Prince George on May 19. Meantime, he has been taken to Okalla where he will be held in prison pending his trial.

Police authorities associated Martynowicz with a valise that arrived at Prince Rupert two weeks ago on the same train from which accused was taken off on being arrested near Prince George. Clothing found in the bag was used to identify accused as owner of it at the preliminary trial. The valise contained explosives and a complete cracksmen's outfit.

On the defacing currency charge there was evidence at the preliminary trial to show that bank notes which had been tampered with by use of chemicals had been taken from accused's person.

Martynowicz, a swarthy Pole, is said to have been the most forbidding person ever seen in the prisoner's dock at Prince George.
