# IN NORTH

Famous Priest, Author and Historian Had Interesting

MONTREAL, Nov. 29 - After travelling 10,500 miles on a journey which took him through the Canadian Northwest and far into the ice bound Arctic, Rev. Father Duchaussois, celebrated author and historian, has returned to Montreal for a short respite before going to the jungles of Africa.

Father Duchaussois crossed Canada via the C. N. railways in June and started into the north from McMurray, accompanied by Mgr. Gabriel Breynat, Apostolic vicar of the Mackenzie. He covered 6,500 miles by land, water and air to visit a handful of Eskimos and Indians in twenty scattered missions. They reached Akvik in July and from there went to Herchell Island wrere a new mission was established. Idnothed Hudson's Bay Company steamer "Baychimo," they travelled bodown Coronation Gulf, braving the hazards of ice and feeling their way along the shore without a compass because the iron deposits in the rocks made it undependable.

Duchaussois, covered in less than ten hours what would have taken two and a-half months by old methods of travel!

far as the Terrace district at least is concerned does not seem to be in such a deplorable condition. The Little mill has been shipping several carloads of poles every week for some time and the prices received are said to be quite satisfactory. Several other independent shippers have also been selling carload lots. There is no indication that orders will be cut down during the winter. In the lumber business, the Terrace mill recently shipped four carloads of spruce into Quebec pro- 2 vince as well as carload lots to New York and Philadelphia. Orders are now on hand for several points nearer home and it looks like a fair winter for the mill.

### Entertainment Junior League Catholic Church

The Junior League of the Catholic Church held a very interesting entertainment last evening which was well attended. It took the form of a debate in which Miss Margaret Stalker and Miss Annie Lipp spoke for the affirmative and for the negative Freddie Reich and Paddie Palmer.

After supper there was music and dancing, the program-being: waltz, solo, Miss Murray; comic sketch, Joe 3 McNulty; fox trot; fox trot fladies choice); musical arms; strip the willow; fox trot; home waltz.

## Fighter Knocked Out of Ring Into Laps of Spectators in First Round at Chicago Last Night

tie with Portland for first place in Mickey Walker Successful In Second Entry Into Heavyweight Class By Winning in First Round By Technical Knockout

> CHICAGO, Nov. 29:-There was an uproarious scene here last night when Mickey Walker signalized his second entry into heavyweight class by scoring a technical knockout over K. O. Christner. The fight had scarcely commenced before it ended. After 38 seconds of boxing Christner took a left hook on the chin and went over the ropes, landing in the laps of the spectators.

Christner seemed to be stunned for he failed to climb back into the Dectators ring in time and was counted out by the referee. Backers of Walker went wild with

excitement and the place was in an uproar for some time.

# SPORT CHAT

Basketball is again being played decision lustily. in Anyox this winter and keen competition prevails when bi- Old Country Soccer Chesterfield Town 1, Notts Coun- weekly sets of games are played. Usually, Prince Rupert has been able to have intertown games with Anyox during the season but as no basketball has been organized here this winter, the smelter town boys if they want to travel this year, will have to go elsewhere-probably to Ketchikan.

## BEGIN WORK ON NEW DOCK

B. C. Keeley Tells of Plans to Push Work Forward as Rapidly As Possible

VANCOUVER, Nov. 29-Work on the rebuilding of the new Canadian National pier, which was destroyed by fire last August will be commenced on Saturday morning With the prelimmary stages of the work completed, everything will! be rushed along as fast as possible and I believe we will have the new pier ready for operation early in June," said B. C. Keeley, Pacific Coast manager. C. N. steamships, who returned home from Montreal today.

Mr. Keeley has been in the east on business in connection with the reconstruction of the new pier but could make no announcement until the plans had been finally passed by the eastern executive officials. The plans have now reached Vancouver. The Northern Construction Company are the general contractors for the work, but the Canadian National engineering staff will be in charge.

The new pier will be laid out along somewhat similar lines to the one which was burned during the summer. It will be 1,000 feet in length and 220 feet in width. A double track will be constructed throug the centre of the pier for the freight cars to be loaded and unloaded to and from the
