

**CHINESE COMPLAIN THROUGH THE CONSUL**

A letter was read from the Chinese Consul at Vancouver to the Police Commission at their meeting yesterday afternoon. The Consul had received a complaint from the Quong Sun Chong Co. of this city, that the police had broken into their place one night at 10 o'clock without warrant and had abused one of the inmates. The Chinese population of the town was alleged to be very indignant.

The matter was explained to the satisfaction of the commission. As far as entering without a warrant was concerned this was untrue, and in the matter of the abuse, there had been provocation for it although the Police Commissioners expressed themselves as against using physical force except where unavoidable.

**POLICE REPORT**

**Chief Vickers Reports to Police Commissioners on Work of Two Months.**

A meeting of the Police Commissioners was held in the mayor's office yesterday afternoon. Commissioners Hill and Macdonald were both present as well as the mayor and city clerk. The meeting lasted for about two hours, a lot of discussion taking place on various matters. The report of the chief of police was heard, there being 21 cases during the month of August, with a total of \$582 collected in fines. There were no serious cases, the charges all coming under infractions of the Motor Act, drunk and disorderly and prohibition laws. In September there were 57 cases, 55 of which brought convictions, 1 was dismissed and the other, the Noone case, is pending till the Assizes. With the exception of the Noone case, a drug administering one, there was no serious crime. There was a total of \$915 collected in fines during September, which was as big a month as ever. The payroll and accounts were passed for both months.

**PRIVATE GET MOST JOBS IN CIVIL SERVICE**

(Continued from Page 3.)

Eight to ten acres rough cleared, all well dug, house site cleared, and consists of fifty-two to fifty-seven acres. These farms now can be offered to the allotment holders at prices ranging from \$5 to \$90 per acre, or in other words, from \$3,700 to \$4,800 each—less the rebate to British Columbia soldiers of \$500 off the purchase price in accordance with the provisions of the Land Settlement and Development Act.

It should be noted also that leveling, ploughing and fencing are being proceeded with and that the cost of the work will be charged up when complete. A four to five-roomed house, costing under \$800, is being erected on each farm. Five at least of the allotment holders already have moved in. Furthermore, it is estimated that these houses could not be built under ordinary favorable conditions for less than \$1,000 each. Then again, Col. Latta points out, at least sixty-five per cent. of the cost of both houses and farms represents labor done exclusively by returned men, including the allotment holders themselves.

**BIRTH**

There was born to Mr. and Mrs. Don W. Peck, Vancouver, B. C., on October 17, a son.

A request from Constables Bailey and Adams for increases of salary in view of their eight years' service on the police force was read at the meeting of the Police Commission. After some discussion as to the advisability of inaugurating a promotion system on the force a resolution was passed that the matter be laid over for two weeks, any increase which may be made to be dated from November 1. The mayor is also going to investigate a promotion system.

Strict measures are going to be taken against disorderly houses in the city. There have been complaints lodged with the police lately and any places suspected are going to be closely watched and raided if necessary. The Police Commission is determined to stamp this out in the respectable parts of the city.

# Miss Canada Gives Account of Her Stewardship

## And explains her War Financing to her Citizens

**Miss Canada:** In humility, because of the sacrifices which have been made for me, but in pride because of the Spirit of Fortitude of your Sons, I come to enlist your most sympathetic support, as expressed by your financial aid, to enable me to meet the many obligations that still remain towards the men who fought. I also wish you to provide me with sufficient National Working Capital to consolidate the position in the world's markets, that you, by your industry, have so honourably won.

**Citizens:** Perhaps you might like to take this opportunity of telling us how you expended the \$610,000,000 we loaned to you last year?

**Miss Canada:** I would. You will recall that I asked you for funds to carry on the war, and to enable me to advance credits to Great Britain and our Allies, who, by their purchases here, have prospered our farms and factories. Do you want details?

**Citizens:** Yes. The more facts and figures you give us, the more fully will you answer the natural queries of those to whom you are now appealing for a further loan.

**Miss Canada:** Very well, then. I suggest you ask me questions. That is the best way to bring out the facts.

**Citizens:** How much of the Victory Loan 1918 did you use for war expenditures?

**Miss Canada:** Three-fifths of it—\$380,900,000 in fact. Before giving this expenditure in detail I wish to explain that your demobilization expenses as against those of mobilization have been concentrated within a few months. The expense of transporting our Army overseas was spread over more than four years. Consequently the cost of it did not bulk so large in any one year's budget. But to bring home in a few months hundreds of thousands of men spread from England, France and Flanders, Italy, Egypt, Palestine to far-off Siberia, was a gigantic and expensive task. It taxed all my resources.

**Citizens:** Realizing the conditions you faced, because of the shortage of shipping, and remembering that other parts of the Empire were eager for the speedy return of their men, we think you did very well. Give us now the details of your war expenditures.

**Miss Canada:** \$312,900,000 was spent for the payment of soldiers since the Armistice—the cost of feeding them, part cost of bringing them home, separation allowances to their dependents, the maintenance of hospitals, their medical and nursing staffs, in Britain as well as Canada, the organization and conduct of the Department of Soldiers' Civil Re-Establishment (which includes the Vocational Training Schools) and the financing and operation of the Soldier's Land Settlement Act.

In addition to this, I have already authorized and am paying gratuities to soldiers on their discharge.

**Citizens:** What is the amount of the gratuity?

**Miss Canada:** I used \$59,000,000 of the Victory Loan 1918 for this purpose, and expect to use \$61,000,000 of Victory Loan 1919.

**Citizens:** Did you make any other disbursements under the heading of war expenditures?

**Miss Canada:** Yes, \$9,000,000 was spent at Halifax, to be used in reconstruction after the disaster.

**Citizens:** We quite appreciate the fact that these were all necessary war expenditures. Perhaps you will tell us now what you did in the way of advancing credits to Great Britain and our Allies?

**Miss Canada:** With pleasure. I advanced Great Britain \$173,500,000 to help purchase your grain; and I loaned her another \$30,000,000 to buy other foodstuffs.

**Citizens:** Did Great Britain buy any fish from us?

**Miss Canada:** Yes, \$9,000,000 worth. I loaned her the money to pay you for it.

**Citizens:** Were there any other loans to Great Britain?

**Miss Canada:** Yes, Great Britain bought \$2,900,000 worth of ships built here. I loaned her the money to pay for them. Then I loaned her \$5,500,000 to meet other obligations in connection with munition purchases.

**Citizens:** What security have you for all this?

**Miss Canada:** Great Britain's pledge to repay—backed by the resources that made her Banker, Manufacturer and Bulwark to her Allies during the war.

**Citizens:** That's good enough. Did you do anything for our Allies?

**Miss Canada:** I loaned them \$8,200,000 to buy your foodstuffs, raw material and manufactured products.

**Citizens:** That accounts for last year's Loan. Will you tell us now why you need another Loan, and how you purpose using it?

**Miss Canada:** I need another loan to finish paying the expenses of demobilization, since the proceeds of the 1918 Loan were exhausted, and to meet the obligations I still owe to your Soldier Sons. I also need money for National Working Capital.

**Citizens:** What are the obligations to soldiers?

**Miss Canada:** The cost of bringing them home. The payment of all those still undemobilized, including sick and wounded, who are still in hospital, and who of course remain on the Army Payroll until discharged. The upkeep of hospitals, and their medical and nursing staffs.

**Citizens:** How much will these items entail?

**Miss Canada:** \$200,000,000.

**Citizens:** Does that include the gratuities?

**Miss Canada:** No. I shall need \$61,000,000 of the New Loan to finish paying these.

**Citizens:** Will that include the money to finance the Dept. of Soldiers' Civil Re-establishment, including the Vocational Training Schools, and the working out of the Soldiers' Land Settlement Act?

**Miss Canada:** No. I estimate \$57,000,000 for this. I have already approved loans to the amount of \$26,000,000 to soldiers already settled on the land under this Act.

**Citizens:** How many soldiers are taking advantage of it?

**Miss Canada:** Up to August 15th, 29,495 soldiers had applied for land under the terms of the Act. 22,281 applications had been approved. 9,043 men were already placed on farms, and millions of acres will be under cultivation, that might otherwise be idle.

**Citizens:** What do you consider the great national advantage of having soldiers become farmers, apart from increased production of food?

**Miss Canada:** The love of outdoor life and the resourcefulness of our soldier citizens are just the qualities to make them successful farmers, and upholders of the best Canadian tradition.

**Citizens:** Have you any other war obligations?

**Miss Canada:** Not that I foresee. I have covered the major ones.

**Citizens:** You purpose extending further credits to Great Britain and our Allies, do you not?

**Miss Canada:** Yes, to the extent that your loan will permit me to.

**Citizens:** Why sell to Great Britain and our Allies if they can't pay cash?

**Miss Canada:** Their orders are absolutely essential to the continuance of your agriculture and industrial prosperity. The magnitude of their orders, and the amount of employment thus created will depend upon the success of the Victory Loan 1919.

**Citizens:** Will you explain simply this idea of credit, and why it is so necessary that we should give it?

**Miss Canada:** Farmers and manufacturers (and that includes the workers on these orders) must be paid cash for their products.

Therefore I must borrow money from you to give credit, temporarily, to Great Britain and our Allies.

Actually, no money will pass out of Canada.

If you do not grant this credit, other countries will; and they will get the trade, and have the employment that should be yours, to distribute amongst their workers.

And remember, you absolutely need these orders to maintain employment. If you don't finance them, employment will not be as plentiful, business will feel the depression and conditions everywhere will be adversely affected.

**Citizens:** Will you use the proceeds of the Loan for any other purpose?

**Miss Canada:** Yes. I must carry out the National Shipbuilding and Reconstruction programme. I am also committed to advance loans to Provincial Housing Commissions.

**Citizens:** What are individual—personal advantages to be gained in buying Victory Bonds?

**Miss Canada:** The fact that Victory Bonds are among the world's premier investments—in security—in good interest yield—and in ready saleability.

**Citizens:** What do you mean by Security?

**Miss Canada:** I mean that the whole resources of Canada—all the assets of all the people—plus all the wealth yet to be discovered is behind my pledge to repay you your principal when due and to meet each interest payment.

**Citizens:** What do you mean by "good interest yield"?

**Miss Canada:** You receive on your savings deposits 3%. Invest in my Bonds, with the security of all Canada behind you, and you get 5½%.

**Citizens:** What do you mean by "ready saleability"?

**Miss Canada:** I mean that if, at any time, you wish to get cash for Victory Bonds—that is, sell them—you can do it at a moment's notice. Or, if you want to borrow money on them, any bank will loan it to you and accept them as security. For all practical purposes Victory Bonds are as good as money, except that if you keep a bill in a box at home, or in a vault, it doesn't earn interest—but Victory Bonds do.

**Citizens:** Would you advise a person to take money out of a Savings Bank and invest it in Victory Bonds, and if so, why?

**Miss Canada:** I would—because I pay almost double the interest paid by Savings Banks and my obligation is undoubted.

**Citizens:** Do you think Victory Bonds will increase in value.

**Miss Canada:** They ought to. Every person who subscribed to Victory Bonds last year has made money. I have every reason to believe my credit position must steadily advance.

**Citizens:** You have given a good account of your stewardship, Miss Canada, and realizing the obligations we have to our soldier sons,—our brothers—to our farmers and industrial producers—to our workers everywhere—to You, the Spirit of our beloved country—to those who have so gladly and gallantly died for her—we pledge ourselves to buy your Victory Bonds to the absolute limit of our ability, and thus ensure the realization of our highest and best aspirations for Canada and all Her peoples.

Cut this out and read it carefully. It will answer a great many of the questions you may be thinking of in connection with the
