## OLD MYSTERY OF ARCTIC IS SOLVED

### LOCAL CONCERN GETS STEWART DOCK EXTENSION WORK

#### August Andree's Body And That of Comrade Discovered in North

Balloonist Explorer Set Out From Spitzbergen For North Pole In July, 1897 and Had Not Been Heard From Since

OSLO, Norway, Aug. 22.—A 33-year-old mystery of the Arctic has been solved by the finding on White Island, Fridtjof Nansen Land, of the body of the Swedish balloonist explorer, August Andree, by a Norwegian scientific expedition. Andree, with two companions, took off in a balloon from Danes Island, Spitzbergen, in July, 1897 for the North Pole and were never heard of again. The body of one of his companions was also found. Both bodies were fully dressed and well preserved.

#### MEETING OF GYMNASIUM

Affiliation with Y. M. C. A. Is Discussed—Committee to Interview City Council Regarding Sites

A meeting of the Y. M. C. A. gymnasium and swimming pool committee took place last evening in the City Hall, W. H. Tobey presiding. Discussion took place regarding what affiliation with the central Y. M. C. A. meant and what obligations, if any, the local body would be under to the central executive. It was stated that there was no obligation whatever. The central executive was a purely advisory body that would give any advice it could and which, from its wide experience with such work in all parts of the world, would undoubtedly be of great value to the local body. The local executive has complete control over finances and property.

The secretary was instructed to communicate with Mr. McAllister, the travelling secretary of the Y. M. C. A., advising him of what the local body had already done and asking for advice regarding what plan of campaign should be adopted.

A committee of three was appointed to interview the city council regarding what sites would be available. The members of the committee are H. A. DeWolf, J. M. Morrison and Dr. L. W. Kergin. In course of this, it was brought out that modern construction did not advise the building of a swimming tank in the basement.

All organizations in town are to be communicated with asking them what form of help they could give in making the scheme a success.

The following were present, in addition to the chairman and the secretary, H. Breen, D. B. Finn, H. A. DeWolf, P. C. Miller, Ben Ferguson, Geo. Johnstone, J. Morrison, Mayor C. H. Orme, J. D. Allen, R. Miller, C. V. Ewert, Jas. Smith, J. S. Wilson, Joe Jack, A. Blackhall and Dr. L. W. Kergin.

#### Widely Known Visitors Coming

Commissioner and Mrs. Hoggard, Leader of the Salvation Army for Canada and Alaska who will visit Prince Rupert tomorrow

#### John Currie & Son To Build Addition To Northern Port Wharf

New Structure Will Measure 40 By 124 Feet and Will Just About Double Ship Accommodation at Portland Canal Centre

John Currie & Son of this city, having been awarded the contract for a new wharf extension at Stewart, this morning despatched their pile driving outfit north in tow of the power tug C. R. C. and work on the contract will be started immediately. The job is one of the largest that has been undertaken in the district for some time by the federal department of public works. It is being carried out in order to relieve congestion that has existed at Stewart with present dock facilities for some time past. As a result of the work, wharf accommodation there will be just about doubled.

The extension will measure 40 by 124 feet and will have a shed over all. It will be erected on the south or Hyder side of the present dock. It will take two or three months to complete the job and a crew of seven or eight men, or possibly more, will be employed on the work.

#### Bob Pearce is Winner Of Sculling Event At British Empire Games

His Victory Feature of Yesterday's Competitions—Percy Williams Makes Good Showing In Qualifying For 100 Yards Dash Final

HAMILTON, Aug. 22.—The success of Bob Pearce, premier oarsman of Australia, last night topped off one of the most crowded days of the British Empire Games program. The day saw Percy Williams of Vancouver, Canada's sprint marvel, victorious in the heat qualifying him for the 100 yards dash final, and the unquestioned supremacy of England in the lawn bowling championships. Last night's program of boxing and wrestling saw Canadians named champions in two more classes of wrestling while two of England's boxers fought their way to titles. Scotland and South Africa each won one boxing title.

Pearce's brilliant win over four other of the Empire's best scullers was the highlight of the day. He defeated two Englishmen and Joe Wright, the Canadian star, the latter being last.

In track and field events, England and Australia divided championship honors with three titles apiece while Scotland annexed the great marathon event. Duncan McLeod Wright, slender little Scotsman, won the marathon, more than half a mile in front of the second man, Sam Ferris of England. Johnny Miles of Canada was third.

In the feature sprint event, Percy Williams was left at the start but caught up to the field at the 50-yard and went on to win in nine and three-fifths seconds, equaling the Canadian record.

J. H. Voljeen of South Africa provided another track feature when he defeated Lord Burghley, the famous Englishman, in the heat of the 120 yard hurdles. Voljeen also won the high jump final with six feet, three inches.

Tomlin of England won the three miles championship. Hart of South Africa was a double winner, taking the shot put, and discus throw events. Nokes on England won the 16-pound hammer throw.

T. Hampson of England won the half mile in the Canadian record time of one minute and fifty-two and two-fifths seconds. England won the rowing fours while New Zealand won the fours without a coxswain.

Production of artificial silk is several times that of natural silk.

#### BOAT SINKS, LIVES LOST

FOWEY, Cornwall, Eng., Aug. 22.—Commodore Henry Douglas King, Conservative member of Parliament, brilliant soldier and at one time aide-de-camp to King George, perished with probably half a dozen others aboard the 22-ton motor yacht "Islander" which was wrecked here in the night. The vessel broke to pieces, after going on the rocks at Lantivet Bay.

A body, believed to be that of Commodore King, was washed up at Lansallos Bay today.

Others on board the "Islander" at the time of the accident included Commander Searle of Berwick-on-Tweed, Surgeon Captain A. R. Bailey of Dumfrow, Essex, Capt. Glazebrook of Bishop, Stratford, and Harry Lucas, captain of the yacht, and his 17-year-old boy, Walter. There is no confirmation as to others who may have been on the yacht.

The body of Commander Sidney Earle was also found today.

#### WILL STOP DUMPING

Government Takes Action to Afford Protection Against Fire Door Imports

OTTAWA, Aug. 22.—The government of Canada has taken action to stop the dumping of large quantities of fire doors into Canada. The acting Prime Minister, Sir George Perley, yesterday announced the passing of an order-in-council fixing at a "reasonable price" valuations of such imports for customs duty purposes "in order to preserve the home market and give Canadian workmen fair and equal opportunity of producing such doors."

#### WAS SOUTH WITH BYRD

Antarctic Flyer Here This Morning En Route to Atlin—Will Spend Six Months There

A. Innes-Taylor, who was an aviator with the recent expedition of Rear Admiral Richard E. Byrd to the South Pole and who had many thrilling and novel experiences during that expedition, was a passenger aboard the Princess Charlotte this morning bound north.

Mr. Innes-Taylor expects to spend the next six months in Atlin district.

Robert Gosse, official of the B.C. Packers, and son arrived in the city on the Prince Rupert this morning from Vancouver, Mr. Gosse being here on company business.

#### WOMEN IN MARATHON

Big Swimming Event Today In Connection With Opening of Toronto Exhibition

TORONTO, Aug. 22.—Thirty-two women swimmers, seeking the marathon championship of the world, plunged into Lake Ontario early this afternoon to swim the 10-mile rectangular course set out by the Canadian National Exhibition, sponsors of the swim, on the opening day of the great Toronto Fair.

#### INSURANCE ON HEALTH

Compulsory System Will Be Recommended By Royal Commission, C. H. Gibbons Predicts

VANCOUVER, Aug. 22.—A report in favor of the enactment of a compulsory system of public health insurance will undoubtedly be brought in by the British Columbia Royal Commission on state health insurance and maternity benefits, it was stated by C. H. Gibbons, secretary of the commission, before the convention here of the British Columbia Hospitals Association, the Western Hospital Association and the Northwest Hospital Association yesterday. All interests in the province favor a system of state health insurance, he declared.

#### NEW SPEED MARK SET

Canadian Pacific Steamer Empress of Japan Crosses Pacific In Record Time

VICTORIA, Aug. 22.—Clipping four hours and 2 1/2 minutes from the former record held by the Empress of Canada, the new Canadian Pacific transpacific liner Empress of Japan today after crossing to Race Rocks, where she slowed down, in eight days, six hours and 27 minutes.

On her voyage across the Pacific Ocean, she averaged 21.4 knots per hour although her engines were not let out to the maximum.

#### EVIDENCE IS HEARD

Testimony of One Witness Taken Last Night in Scuttling Charge Case

Evidence of Austin Kennedy was heard last night by Stipendiary Magistrate H. F. McLeod in provincial police court in the case of G. J. Ness and E. H. Lewis who are charged with having wilfully destroyed the fishing boat C. N. in May by having scuttled the vessel in Kitkatla Inlet. Kennedy's evidence had to do with the raising of the boat and the condition in which it was found. After his testimony had been heard, the case was adjourned for a further eight days.

Inspector William Spiller is conducting the prosecution at the preliminary hearing while T. W. Brown is acting as counsel for the accused.

#### TWELVE MORE BODIES FOUND

Dead Men Continue to Be Located In Ill-Fated Blakeburn Mine By Rescue Workers

BLAKEBURN, Aug. 22.—Twelve more bodies were located today in No. 2 slope of Blakeburn No. 4 mine in which 45 miners were killed on August 13. Thirty-five bodies have now been found but it has been impossible, as yet, to bring them out of the mine.

VANCOUVER WHEAT  
 VANCOUVER, Aug. 22.—Wheat was quoted at 87 1/4c on the local exchange today.

#### Catholic Worker Visiting City From the States

A. B. Cain, representing the Catholic Extension Magazine, official organ and main support of the Catholic home missions of the United States and its dependencies arrived Wednesday on the Prince Henry and is in Prince Rupert for a few days enroute to Seattle. The magazine is published in Chicago. Seattle is headquarters for the regional office covering Washington, Oregon, Idaho, Western Montana and the Territory of Alaska. Mr. Cain has just returned from Alaska where he visited the population centres in the interest of the publication. The Extension Magazine, which is independent of the Catholic Extension Society of Canada, has a remarkable record of achievement in the States, where it has assisted in erecting 3,400 chapels in sparsely settled districts, is educating 252 students for the priesthood and supporting 120 priests in remote regions through a monthly subsidy. In visiting Canada Mr. Cain feels at home, as his parents were natives of Lucknow, Ontario, where his uncle, Thomas Cain, for forty-six years conducted the Cain Hotel, and numerous relatives still reside in Ontario Province.

A. R. Holtby returned to the city on today's train from a brief trip to the interior on railway duties.
