DAILY EDITION. Friday, October 24, 1919.

Prince Rupert as Centre for Sport.

Prince Rupert is not often spoken of as a centre for sport. It is true, however, that it is one of the best possible points from which to reach the hunting grounds. Deer are brought in here every week end during the season and ducks and geese are secured in large numbers. An occasional wolf is bagged, and the sportsmen have not to go very far to secure bear.

There are sportsmen in the city who know the favorable spots and who can go out and bring in a deer in half an hour from the time of landing. It is splendid sport and one that tends to ruggedness of constitution and health.

Police Commission And "The Force."

The police commissioners from time to time give the chief of police instructions to enforce the law in certain directions. At one time it is against a certain type of gambling and again it is against disorderly houses or against people who sell drinks contrary to the Prohibition Act, or against vendors of fruits after prohibited hours. These instructions seem to intimate that there may be cases where the police should not enforce the law. Only recently, however, the city solicitor made it quite clear that it was the duty of the police to enforce the law at all times and that neither the commissioners nor anyone else had any option in the matter. If the law is wrong it should be repealed, but while it is on the statute book the duty of the police is to enforce it. That is what they are for, and when they are sworn in they declare their intention so to do. They have no right to obey instructions to refrain from enforcing the law, although it must be admitted that it is often done in other cities than Prince Rupert.

Ontario Situation Very Complicated.

The situation in Ontario becomes more interesting every day. The attitude of the different parties toward each other is still in doubt. The United Farmers cannot expect support from any of the other parties unless it makes concessions, in the way of giving them representation in the cabinet.

It is just possible that the 43 farmers, with 11 labor men and two independents may carry on, but that would give them only one majority in the House and that one would be needed for speaker. It would be almost impossible for them to do business with only the casting vote of the speaker to carry measures. There must be a working arrangement with one or other of the parties in the House.

REAL VALUE

is based, not on the price paid for a commodity, but on the benefit derived. That is why Zam-Buk is the cheapest skin healer on the market—because the benefit derived is 95% greater than can be got from ordinary ointments. This is due to the fact that Zam-Buk is all medicine—100%. Ordinary ointments are 5% medicine and the balance animal fat.

The superiority of Zam-Buk is proved by the many cases of chronic skin trouble and old sores which yield to the power of Zam-Buk after all other treatments have failed.

The unusual power of penetration which Zam-Buk possesses enables it to reach the underlying tissues, where skin troubles have their "root." Then the germicidal properties in Zam-Buk destroy all germs. Until this is done healing can never be thorough. The reason why sores that have been treated with ordinary ointments break out again is because the remedy has never got to the seat of the trouble, but has only healed over the outer skin. Zam-Buk, on the contrary, uproots skin disease, and the cure is complete and permanent.

Zam-Buk should always be used for eczema, ringworm, scalp sores, pimples, abscesses, ulcers, blood-poisoning, bad leg, piles, cuts, burns and scalds. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.
