**GOOD WORK IN GETTING PEOPLE ON THE LAND**

Chairman of the Land Settlement Board Who Was Here Last Evening Tells of Their Activities.

That 150,000 acres had now been included in the settlement areas of the provincial government in central British Columbia, wherein the price of land is set by the Land Settlement Board and a special tax levied if the owners refuse to sell. This was a statement made by M. H. Nelems, chairman of the Land Settlement Board, who in company with Col. R. Davies, another member of the Board, passed through the city last evening bound south. They have been visiting the areas in the valleys east of here and are both enthusiastic over the success of the work.

**Establishing Homes.**

Mr. Nelems in discussing the work of the Board with a Daily News representative said that while a large amount of land had been purchased from the owners by the Board and resold to settlers, the chief benefit of the ring their engagements on the on owners of property. In most cases as soon as the Land Settlement area was established the owners dropped the price of land to half what they were originally asking and this land was being sold to actual settlers, who were coming into the country with their families and establishing homes.

This year a lot of land prospecting had been done. People had come from the prairies to look over the ground and as soon as they could sell out their prairie farms they would come to British Columbia.

**Many Areas.**

Land settlement areas had been established at various points along the line as follows:  
Nechaco Valley, 42,000 acres.  
Bulkley, 15,000 acres.  
Prince George, 18,000 acres.  
Marten Lake, 15,000 acres.  
Smithers, 15,000 acres.  
Francois Lake, 20,000 acres.

While there had been no development areas set aside in which farms were prepared beforehand for those wishing to move in without enduring all the hardships of pioneering such as had been done at Merville and other points, such work was contemplated in the spring and it was quite probable that a gang of men would be employed clearing land and building houses for that purpose as soon as the snow disappears.

Mr. Nelems and Col. Davies were accompanied through the district by Mr. Munro of Terrace, who is also a member of the Board.

**SONS OF CANADA INCORPORATED**

British Columbia Gazette Contains Notice of Application on Behalf of Society.

Notice of the incorporation of the Sons of Canada appears in the current number of the British Columbia Gazette, on application of Alexander Hamilton Smith, business agent, of Lulu Island; Reginald William Eyre, and Frank Alexander Jackson, solicitors of Vancouver, who are the first directors of the society and who hold office for the next ten years.

The following are the objects of the society:

To promote and uphold the interests of the Dominion of Canada and to sustain the constitutional laws thereof.

To make provision, by means of contributions, subscriptions, donations, or otherwise, against sickness, unavoidable misfortune, or death, and for relieving the widows and orphan children of members deceased, and for such purposes to promote and solicit mutual benefit insurance amongst the members of the society.

For the purpose of social intercourse, mutual helpfulness, mental and moral improvement, and rational recreation.

For improvement and development of the mental, social, and physical condition of young men.

For the promotion of literature, science, and fine arts, and the

**BEWARE OF DECEPTION**

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

promotion and diffusion of knowledge.

For establishing and maintaining refuge homes for female relatives of the members of the society.

For providing means of recreation, exercise, and amusement by means of boating, bathing, athletic and gymnastic clubs.

To establish branches of the Society throughout the Dominion of Canada and the United States of America.

**FRISBIE**

the friendly motor

Frisbie Motors give long, uninterrupted service with practically no repairs except occasional grinding of valves. Valves in cages; accessible in a few seconds. An "all muscle" construction throughout, every part designed for hard work. Overhead valves, opening directly into combustion chambers. No pockets or crevices to gather carbon, and waste fuel. This type of construction effects a gain of

15 to 20 per cent. more power

than is possible with L or T-Head designs. Intake and exhaust manifolds are cast integral with the cylinder; miles ahead of the old, leaky, bolted-on manifolds. Large valves insure full charge on the intake and a complete, clean exhaust.

1 to 6 CYLINDERS--5 to 75 HORSEPOWER

Frisbie Motors are made in following sizes: 1-cyl., 5 and 7 H.P.; 2-cyl., 10 and 16 H.P.; 3 cyl., 18 and 25 H.P.; 4-cyl., 30 and 40 H.P.; 6-cyl., 50 and 75 H.P.--Bore and Stroke, 4 1/2" x 5" and 6" x 6". For work or play, the Frisbie will measure up to your hardest tests.
