Breakaway From Dominion Urged Actively by Agrarian's Meeting In Province of Saskatchewan

FURORE IN Farmers Request Head Office to Formulate Charter of Liberty For Presentation to Government—Would Have Free Trade With Britain

WILKIE, Sask., Dec. 19:-A farmers' meeting here vesterday asked the head office of a thirty thousand strong Saskatchewan agrarian unit to formulate a "charter of liberty" listing agricultural demands. Under the plan, Manitoba and Alberta will be asked to join Saskatchewan in a co-operative union. Direct exchange with the

Commercial Agent of Big Hydro-Electric Concern Looks Over Peace River Municipal Plant With View to Purchase

PEACE RIVER, Dec. 19:-Following several communications by telegraph and letter between his company and the town council, H. E. Pawson, representing the Power Corporation of Canada, of Montreal, was a visitor to Peace River this week to look over the local electric light and power plant with a view to purchase by his company. Fol-

wing his arrival he spent the time"from then until he left looking over the plant and distribution system, and SWER going into details as to power output, rates, etc. He also took opportunity to look over the possibility of water power development.

In an interview shortly before his departure Wednesday, Mr. Pawson stated that the local plant first came to the notice of his company through an advertisement placed in he Electrical News advertising the plant for sale. Following the first correspondence, the company wired him to visit Peace River to look the proposition over.

"May we state, then, that there is

"You had better say posibility," was his reply.

Mr. Pawson stated that his company's chief desire was to secure plants where there was a possibility of hydro development. While the they are not particular about taking on others unless they are located adjacent to potential hydro gard in the vicinity of Peace River a vote may be taken at the time of tion in this regard."

The Power Corporation have investments totalling fifty-six million dollars, and including power plants from the Atlantic to the Pacific. Some of their properties include the B. C. Electric, the Prince Rupert power and light plant, and many others in the west, in addition to many projects in Manitoba, Ontario, Quebec and the Maritimes.

EVASIVE

Pattullo Not Satisfied With Tolmie's Explanation Regarding Fort George By-Election

VICTORIA, Dec. 19:- "Premier Tolmie's explanation as to the calling of the Fort George by-election is no explanation," said T. D. Pattullo, provincial Liberal leader, yesterday. "I did not state that the ela probability of your company mak- ection was called 'because' I was ing an offer for purchase," he was away but I explained that it was called 'while' I was away. As for weather possibilities, if it should turn to forty below zero, not only will there be grave difficulty of campaigning but the vote will be exceptionally light.

"There was no occasion, however, for calling the election over the holiday season. It might just as well have been called for the end of January and certainly a court of revision should have been held before the election was held. Fifty per cent of the voters of the Peace River area are disfranchised. Our prime minister offers no explana-

H. Johnson Says More Being Asked to Aid Marketing Fish

"It is the aim of the Canadian Fisheries Association to secure the expenditure by the government of the sum of \$100,000 for publicity purposes to aid in marketing fish. Already it is announced that \$25,000 has been secured to help the salmon men but the association will not be satisfied with that. They will continue their activities until the other \$75,000 has been secured." This was a statement made by T. H. Johnson, last year's president of the association, in an address to the Prince Rupert Rotary Club yesterday. He said the association was not concerned particularly with any There have already been 125 men one branch of the industry but was
