#### Liver-in Vancouver

"Three years ago, while in Vancouver, the house physician at the hotel advised me to use Kruschen Salts for a bad liver and constipation. I can say I never had anything that gave me almost instant relief before, and I therefore got my chemist to order Kruschen for me—I think no less than 40 or 50 families have used it by my persuasion. Most other remedies on the market leave a bad effect in many ways, but I can safely say I haven't been so well in many years as since I have taken Kruschen."—Mrs. C. R. M., Williamsport, Pa., U.S.A. (Original letter on file for inspection.)

Kruschen Salts is obtainable at drug and department stores in Canada at 75c a bottle. A bottle contains enough to last for 4 or 5 months—good health for half-a-cout a day.

#### FREE TRIAL OFFER

If you have never tried Kruschen—try it now at our expense. We have distributed a great many special "GIANT" packages which make it easy for you to prove our claim for yourself. Ask your druggist for the new "GIANT" 75c package. This consists of our regular 75c bottle together with a separate trial bottle—sufficient for about one week. Open the trial bottle first, put it to the test, and then, if not entirely convinced that Kruschen does everything we claim it to do, the regular bottle is still as good as new. Take it your 75c. Your druggist is authorized to return back. You have tried Kruschen free, at our expense. What could be fairer? Manufactured by E. Griffith Hughes, Ltd., Manchester, Eng. (Estab. 1756). Importers: McMillan & Co., Ltd., Toronto.

The Final Consideration

It's going to take a little time to go over the letters and study each one properly. We asked you know for letters on Pacific Milk as food for infants and we got a big number of replies. The letters are good and our sincere appreciation goes out to every writer. Our remaining part is to see that every letter is carefully considered and that is being done.
