## Doctors Study Cancer Growth

Cells Grown Artificially For First Time-Results Give Hope For New Attack on Disease

NEW YORK, July 31:-Growing cancer artificially and the new hope Francis Carter Wood, Director of Crocker Cancer Research Institute of Columbia University, just before he sailed to attend at Amsterdam the International Congress of Experimental Cytology. These men work with live cancer cells, one of the latest developments in cancer study, which began with learning how to graft cancer upon animals and raise it artificially. Now a start ter relieving operator Emmerson at has been made at growing human cancer in glass tubes.

"We are starting," said Dr. Wood, "to do what Pasteur did when he went for his holidays Monday showed the way to cultivation of bacteria artificially, a work upon which are based some of medicine's greatest advances. We know no can-Work on the construction of the cer bacterium or germ, but we new liquor store has been delayed have, and can see with a microa little by weather conditions and cope, the cancer cell. It causes also by failure of the gravel sup-cancer, and does so plainly by abply. Superintendent, McKechnie lity to grow much faster than a says they will be pouring cement normal body cell. But for 3,000 again just as soon as the gravel years we have been compelled to arrives. The building should be work with dead cancer cells. Now 400 completed ready for occupation by for the first time we have them the end of October unless some live, and capable of producing cancer. We wish to know why they grow so fast, something we shall 45C + + + + + + + + + + + + hem growing. never know until we actually see

DAY FOR POTATOES

WINNIPEG, July 31-The city is to have a "Potato Day," either on August 6 or 7. A motorcade wil visit potato plantations, speeches will be made, and horsekeepers invited to co-operate in stimulating the growth of potatoes in the province. This is being done under the auspices of the Agricultura oureau of the Board of Trade.

## Came a Crash In Edmonton

Smash of Two Cars Almost Proved Fatal to Number of Occupants

EDMONTON, July 31:-Passengers had a miraculous escape from death and two were severely injured when two heavy and expensive cars crashed head on into each other at 4 p.m. Sunday, two miles east of the Seba corner on the Jas-

Dr. J. S. Smith, well known local physician, had ribs fractured, while Miss Peggy Mooney, daughter of Dr. B. R. Mooney, of this city, had one leg broken and is now a patient in the Misericordia Hospital.

Mrs. Margaret Lindsay, believed to be the most seriously injured person in the crash, was riding with Dr. Smith. She is in the Miser-

Riding with Miss Hooney in a Springfield, Mass., registered coupe, was Leroy Goldsworthy of the New York Rangers hockey team, who spends his holidays in Edmonton, his home town. He received internal injuries and a number of cuts and lacerations.

Three lady passengers riding with the doctor all received minor injuries, and are suffering from shock as a result of the crash.

Water Makes Crops

In the production of one bushel of wheat nature uses over thirtyone tons of water. This is but one of the very interesting facts disclosed in studies of soil moisture and crop production by experts of the Dominion Department of Agri-
