Thursday, June 12, 1930

#### SIMON COMMISSION

Keen interest will be taken all over the world in the report of the Simon Commission which has been making investigations in India with a view to advising the British Government what steps to take in regard to governmental reforms in that country. The first part of the report has just been issued but it is only a preparatory report to the definite recommendations which will follow. Toward the end of the month the vital part of the report should be issued and the people of the world will then have some idea what line of action is likely to follow. Possibly if the recommendations are followed out the troublous condition of the country may be improved very considerably.

#### WASHINGTON REPORT

The report coming from Washington in regard to trade conditions in Canada is that of an outside country reporting on the conditions of a neighbor and it is a very favorable one. It is a summary of the reports of the consuls and agents throughout the country and indicates that the condition of Canada is improving. There is every reason for congratulation that we have come through the ordeal of a stock market slump and wheat tie-up without seriously affecting the condition of the country.

#### ALBERTA ELECTION

Alberta provincial nominations have been made and the farmer government is on trial by the people of that province. In a few weeks it will be known whether they will be sustained or not. Judging from a distance, it seems as if the Brownlee Government will go back and carry on much as they have been doing. Neither of the other parties seem to have made any headway against them and it seems as if the people there were satisfied. The government is drawn from both political parties and is really a sort of coalition going under the name of "United Farmers." The result will have little effect on the federal elections.

#### ISOLATION HOSPITAL

The isolation hospital in Prince Rupert is in a curious position. It is operated by the city under the medical health officer but it has no means of carrying on without drawing upon the general hospital. It has no staff and no means of securing any in an emergency. Often for months at a time it is unused. In fact the general condition is that it is vacant. Yet an emergency may arise at any time.

The natural thing for such an institution would be for the general hospital to take it under its wing, the city making such allowance as may be necessary to prevent it being a drain on hospital finances. That would enable it to be administered efficiently and to the best advantage of the whole community.

#### BORDEN STREET SIDEWALK

There is a complicated condition existing today on Borden Street in connection with the building of a sidewalk for the use of the residents. It seems that there are several factors which make a solution difficult. There is a difference of opinion among residents as to what should be done. Also any desire of the residents has to pass the engineer, board of works and the city council. The representatives of the whole city have to be satisfied as well as the property owners on the street. In the meantime the street has no sidewalk, until such time as a general agreement as to location, grade and cost can be reached.

Rose Jacobs, Sioux Indian girl from South Dakota, who scored 100 per cent in picture contest, which closed this year's play day at Kansas University.

## LUNCHEON OF GYROS

### Visits From District Secretary and Y. M. C. A. Organizer Expected

The Prince Rupert Gyro Club, at its regular monthly business luncheon yesterday, was advised that Thomas Thompson of Tacoma, secretary for District No. 4, would be here on Wednesday next to pay an official visit to the club. It was decided to mark the occasion by holding a dinner dance that evening. Ketchikan will be notified and it is expected that the Gyro Club there will be represented at the affair. Secretary Thompson is coming north in place of District Governor Alex Davis who had intended coming but found it impossible to do so.

On Thursday of next week there will be a joint Rotary and Gyro luncheon in connection with the visit to the city that day of D. McAllister, field organizer for the Y. M. C. A. The project for the establishment of a gymnasium in Prince Rupert will be discussed with Mr. McAllister and other organizations in the city are being invited to be present and take part in the conference. A number of communications in connection with the gymnasium project were read at yesterday's luncheon.

The local club decided to be represented at the International Gyro convention in Tacoma next month and steps will be taken at once to name the official delegate.

A letter from Ed. Kagy of Cleveland, international secretary, stated that it was possible that a number of delegates to the Tacoma convention might travel via Prince Rupert on their way east after attending the big gathering.

Norman Freeman was the winner of the luncheon raffle. There was a good attendance of members at the luncheon and President C. A. Kirkendall was in the chair.

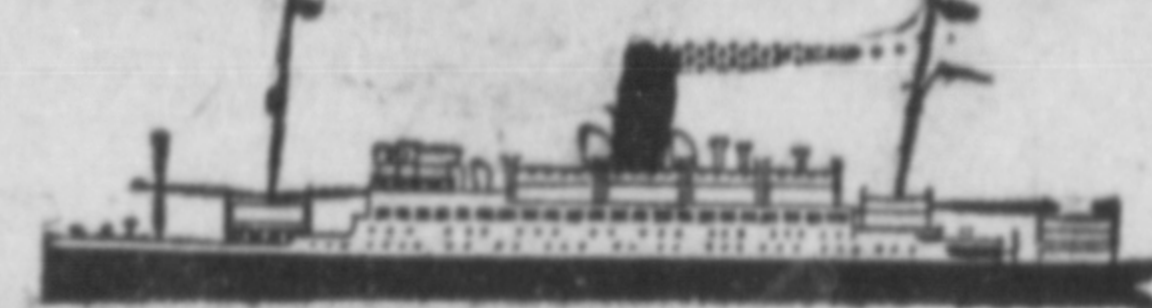

### Enjoyable Shower For Bride-Elect

Mrs. Byrne and Miss Mussallem Hostesses For Miss McKenzie

A very enjoyable shower was held on Tuesday evening by Mrs. Peter Byrne and Miss Wadiar Mussallem, 346 Fourth Avenue West, in honor of Miss Chrissie McKenzie. During the evening there was tap dancing by Misses Freda Mussallem and Mickey Skattebol. Piano selections were rendered by Mrs. Jas. Black and Miss Helen McCaffery. There was also a vocal solo by Mrs. Goodsell. Many beautiful gifts were presented showing to some extent the popularity of the bride-elect.

A LUXURIOUS clubroom for you, this Tourist Third Cabin Smoke Room on the Antonia—typical of the accommodation in this popular class on all the Cunard "A" ships.
