League-To Play Off For Season's Honors

nior Football League took place last evening in the City Hall.

A notice of motion on the quesin two parts, the winner of the first | weighing seven pounds and two part to play off with the winner of ounces. the second half, if there should be different teams winning each half, was discussed and, after a lengthy discussion, the motion was passed. The election of officers for the

ensuing year took place and resulted as follows:

President-J. S. Wilson.

Vice-President-J. Campbell. Secretary-Treasurer-A. Haller-

Representative to the Senior Football Association-W. W. C. O'Neill.

Arrangements for the annual banquet were left in the hands of Miss Mills and the president and secretary-treasurer.

In accepting the position of president for another year, the president congratulated the other members, and the delegates on the success of the season's operations. He felt that there was no other sporting organization in the city run on better lines and this was due to the hearty and helpful co-operation of the executive and delegates.

Our small raft, however, tossed about just ke an egg-shell and there was no eep for us that night.

The next morning, still thick afog, e hauled in the drag and again arted rowing for the land. By this ime we were both feeling pretty lue, for we knew very well that ven if our strength held out to ow the long stretch of 130 miles, e were making so much leeway nat we would miss the Cape Breon coast and make the Gulf of St.

"The second day went by the same as the first, with fog so thick .421/2 that we could hardly see much more 1.15 than a dory's length. We tried using the small dory sail, but soon 65 found out that we then made more 35 leeway, so again we took to our oars. When the second night arrived we put out our drag and let the dory drift, while we managed to get a few cat-naps, Early the next morning, which was the third day, we took our oars, feeling in our own minds, if we didn't soon get .85 picked up it was all over with us.

We began to see we would not make the land and that our only hope was to be picked up by a vesin an Open Dory sel or steamer, and as long as it stayed thick, our chances this way were small.
