Snow Covered Prairie Provinces This Morning and Thermometer Dropped Below Freezing Points

WINNIPEG, Sept. 24:-Snow blanketed the country an inch deep over a wide section of Alberta and Saskatchewan today after one of the earliest snow storms in years. The temperature dropped to freezing point and below last night in both provinces and strong winds carried flurries of snow over the grain reaped prairies throughout the night and on into the forenoon.

Telegraph and telephone lines were grounded by force of the wind. Scores of poles were broken off. Wire communication today was almost completely disrupted between Saskatchewan and Alberta.
