Falls River Energy To Enter City Lines With No Perceptible Signal

Change Will Be Made Without Disturbance or Interruption—New Ornamental Lights Will Shine the Day Following

Power Corporation of Canada's construction staffs are rushing work to completion in order that the new hydroelectric plant at Falls River may be ready for operation by the end of this month and the energy from there turned into the city lines. The work will have to be pushed hard if the plant is to be in readiness by October 31 but it is expected by company officials that this
