Eloquent Addresses by Returned Men in Replying to Toasts.

A supper to 21 members of the order who have returned from overseas was given last night by the Knights of Pythias in their hall, about 70 persons being present. It was an impressive gathering and a very enjoyable time was spent. Speeches were made and toasts were drunk and after the tables were cleared dancing and cards followed.

George Leek, the Chancellor Commander, presided and the first toast of the evening was proposed by H. Daggett to the returned soldiers.

In replying, Bob Cameron said that while he had passed through van VANDERHOOF YOUNG some thrilling experiences he was unable to tell them in a thrilling way. Over there they had adventures a plenty, but he thought every one was tired of hearing of many other sufferers on the field. were present.

#### REGISTRATIONS ARE COMING IN SLOWLY

Curious Case of Property Owner Who is unable to Get on the List.

Only about forty license holders and householders have registered so far. As the lists close at 5 p. m. Friday there is not must time for those who are not yet on to take action. In order that those who have not yet registered the city clerk will be in his office on Wednesday and Thursday evenings from 7:30 to 9.

A curious case has occurred in connection with the registrations. John Munro is a returned man who in 1912 purchased some property at a tax sale. Instead of registering the title he placed the papers in a safe and today he finds that he cannot vote as a property owner because his title deeds are not registered and he cannot vote as a householder because he owns property. The result seems to be that he must wait until next year before he exercises his municipal franchise.

#### TERRACE DELEGATION

A deputation of the Terrace Branch of the Great War Veterans' Association, headed by Comrade J. King, waited upon Hon. J. H. King, Minister of Public Works, this morning in connection with the improvements in the roads of the Terrace district to enable ex-service men to reach their farms, says the Victoria Times. The Minister gave a sympathetic hearing to the delegation, and promised to have the proposed improvements investigated with a view to having them

the friendly motor

Friebie Motors give long, uninterrupted service with practical no repairs except occasional grinding of valves. Valves in cages; throughout, every part designed for hard work. Overhead valves, opening directly into combustion chambers. No pockets or crevices to gather carbon, and waste fuel. This type of construction effects a gain of

15 to 20 per cent. more power than is possible with L or T-Head designs. Intake and exhaust manifolds are cast integral with the cylinder; miles ahead of the old, leaky, boited-on manifolds. Large valves insure full

charge on the intake and a complete, clean exhaust. 1 to 6 CYLINDERS 5 to 75 HORSEPOWER Frisbie Motors are made in following sizes: 1-cyl., 5 and 7 H. P.; 2-cyl., 10 and 16 H.
