DAILY EDITION Wednesday, October 15, 1930

TWO YEARS FOR MAYOR

The proposal has been made that a two year term for mayor would be desirable. In view of the fact that there is now a two year term for aldermen and that this system seems to be working out very well, we see no good reason why it should not be extended to the mayoralty. As was pointed out by Alderman Macdonald at the city council meeting this week, the mayor is often more useful to the city during the second year when he is more familiar with the work than during the first, when he is learning.

An honest man does not repent of his honesty.

REGISTER TODAY

Householders who are not property owners must register at the city hall if they wish to vote at the next civic elections. This is the municipal law and something over which the local city council has no control. It is the same in all municipalities except those which have special city charters, such as Vancouver.

We suggest to householders that they register today or the first day possible so that the duty may not be forgotten. Very often at the last minute something occurs which makes it very desirable that all should vote. Be prepared and there will then be no regrets. Register today.

Those who are property owners do not need to register as their names go on the list automatically. It is wise, however, to inquire if the name is on so that there may be no mistake.

Laziness is not so much a habit as an art.

SAFETY'S TEN COMMANDMENTS

- First: Thou shalt have no other thoughts but thy work.
- Second: Thou shalt take no unnecessary risks, nor try to show off, nor play practical jokes, for by this carelessness thou mayst do injury which will have effect unto the third and fourth generations to follow.
- Third: Thou shalt not swear nor lose thy temper when things do not go just right.
- Fourth: Remember thou art not the only one on the job and that lives of others are just as important as thine own.
- Fifth: Honor thy job and thyself that thy days may be long in employment.
- Sixth: Thou shalt not clean machinery when it is in motion.
- Seventh: Thou shalt not watch thy neighbor's work, but attend to thine own.
- Eighth: Thou shalt not let the sleeves of thy shirt hang loose, nor the flaps of thy coat to be unbuttoned, as they may get caught in machinery and thereby do great bodily harm.
- Ninth: Thou shalt not throw matches nor greasy waste on the floor, nor scatter oil around the bearings, as a dirty worker is a clumsy worker and a clumsy worker is a menace to his fellow workers.
- Tenth: Thou shalt not interfere with the switches, nor the dynamos, nor the belts, nor the cables, nor the engines, nor anything else thou art told is dangerous.

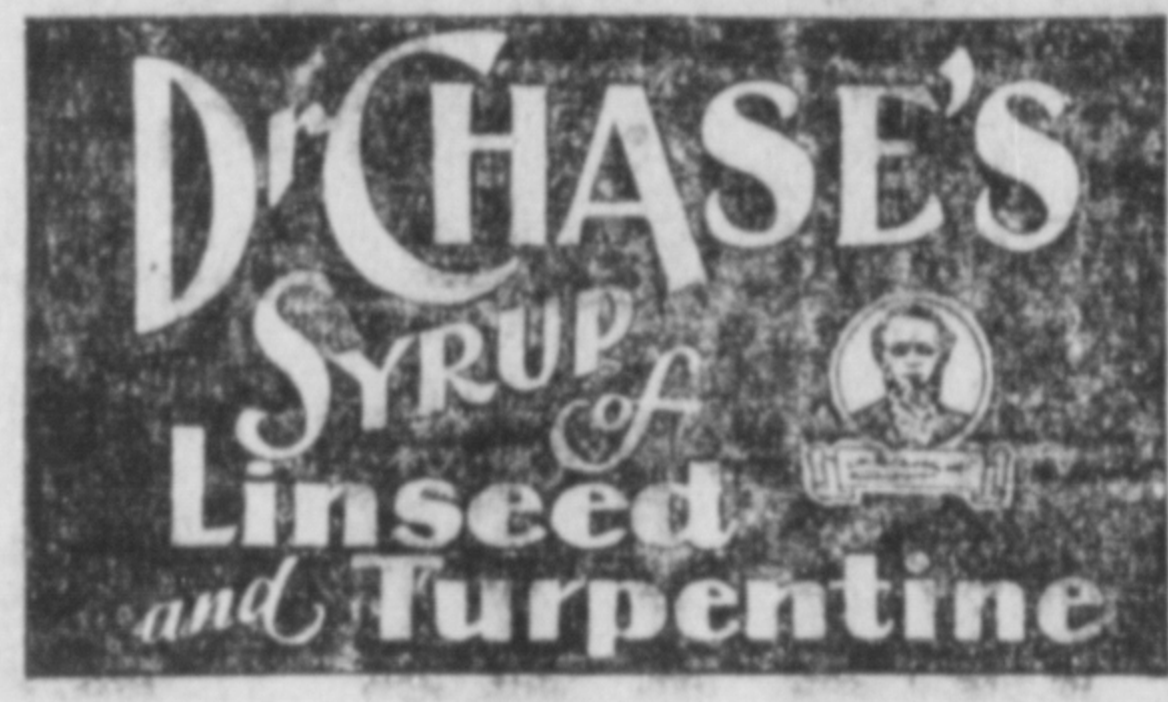

A man is really not an average man until he admits it to himself.

Bronchitis

Every cold is serious. It is only a step from the ordinary cold to bronchitis with soreness and tightness in the chest and the dry, harsh cough and distressing coughing spasms.

Dr. Chase's Syrup of Linseed and Turpentine seems almost like a specific for bronchitis because it is so successful in loosening up the cough, aiding expectoration and relieving inflammation.

A trial will prove the effectiveness of this well-known treatment.

District News STEWART

Gardner-Johnson & Co. of Portland, Ore., who have the contract for widening the Salmon River road on the Alaskan side of the line from about 8-mile to 11-mile commenced work last week and expect to continue until early in December. A crew of between 30 and 40 men is employed.

The B. C. Silver Mine is now operated on a six-day working basis.

Mrs. Gray, wife of W. Gray of the Hyder Lumber Co., accompanied by her mother, Mrs. Ireland, and sister, Mrs. Sobieralski, left last week for Washington, D.C., where they will spend the winter.

J. W. Smith, who injured his neck last week by falling from the steps of the messhouse on the Alaskan road, is now making rapid recovery in the Stewart Hospital.

Holger Johnson of Hyder left last week for a trip to Vancouver and Seattle.

Mrs. Fisher returned to town last week from a trip south.

The first installment of the fire hall has now been delivered on the town lots. The tower was towed there last week by Crawford's tractor.

Although G. P. Heinekey has been advised of his appointment as postmaster here, it is unlikely that anything will be done with regard to his taking office until toward the end of October.

Gravelling on the last section of the Texas Creek highway is now being completed by the Selms-Spokane Co. and the job is expected to be finished within a few days. During the past two months, the American government has allotted \$114,000 for work on the highway.

There are now 59 pupils altogether enrolled in the Stewart Superior School.

ALICE ARM

J. A. Anderson, road foreman for the provincial public works department, was a visitor here from Anxox last week on official business.

Harry Owen returned home last week after having spent the past few months in the Hazelton district.

TERRACE

Mrs. J. McConnell had the misfortune to fall and break two ribs. She is making as satisfactory progress as could be expected.

Mrs. (Dr.) Mills is recovering nicely after having undergone treatment recently in the Prince Rupert General Hospital.

HAVE CUT INTO VEIN

Interesting Situation on United Empire Property at Stewart As Tunnel Is Advanced

STEWART, Oct. 15: — William Dann, who has been doing further work on the United Empire in the last three weeks, came down the hill last week-end vastly pleased with conditions and states there is every indication that a cross vein has been encountered in the main-drift tunnel of the property. The vein appears to strike 80 degrees west of north, and the junction of the two veins is apparent in the face of the tunnel. No definite statement can be made, however, until the vein has been driven on a little further. Four feet seven inches of ore is now showing in the face, and it is interesting to note that as depth is obtained the copper content appreciably increases. Ruby silver can also be seen in the ore.

Albert Peterson, one of the oldest miners and prospectors in the Portland Canal, was working on the property and was surprised at the amount of ore opened up on the surface and in the tunnel. He exclaimed: "If this was out in the wilds, ore somewhere around Meziadin Lake, big companies would be fighting to get it, Dann, but it's too close; they can't believe it. I have been on practically every property in the camp and have not seen one with a vein of ore opened up for so great a distance and exposing the amount of ore I see here."

The United Empire is situated on Bear River ridge, north of and adjoining the Bayview. Mr. Dann reports that the tunnels and camp are in good condition.

Man in the Moon

Already I feel prosperous.
I have a silver dime;
To ask me now to spend that coin
Would surely be a crime.

Jake says he likes Miss Prosperity better than any other girl of his acquaintance. He says he doesn't know her very well but he certainly do admire her pretty ways.

Irate master (to Negro servant):
"Rastus, I thought I told you to get a domestic tuxey. This one has a shot in it."
Rastus: "I done got a domestic turkey, sir."
Master: "Well, how did the shot get in it?"
Rastus: "I 'specks they was ment foh me suh."

Jake says he'd like to see that new post office because he might get a job waiting on the bricklayers.

Prince Rupert wants a post office, Resplendent, large and new; And if we do not get it soon I don't know what we'll do.

A colored woman consulted the village lawyer.

"Ah wants to divorce mah husband," she said.

"What's the trouble?" asked the lawyer.

"That nigger's done gone and got religion, an' we ain't seen chicken on de table foh two months."

NOW You can wash this easy, pleasant way

Pay Only \$5.00 Down for an ELECTRIC WASHER

What joy it is to be free from washday drudgery. To simply put the washing in; snap the switch; and let the washer do the work. That's all there is to electrical washdays now available to you on the easiest of terms. Simply make the small down payment with the balance spread comfortably over two years. Many models to choose from. Yours awaits you.

NORTHERN BRITISH COLUMBIA POWER COMPANY, LTD.

"Afford one —

why our GENERAL ELECTRIC REFRIGERATOR saves us money every day"

"OUR General Electric Refrigerator saves us on an average, a dollar and a half a week—more than eighty dollars a year—in food bills.

"It sounds amazing until you realize that the General Electric absolutely eliminates waste of food . . . and it enables us to market much more economically. We have figured out that our savings are approximately like this:

Savings	Monthly	Yearly
Milk and Cream . . .	\$1.00	\$12.00
Meats	\$2.25	\$27.00
Fruits and Vegetables . . .	\$2.00	\$24.00
Improved Buying Habits	\$1.50	\$18.00
	\$6.75	\$81.00

"Best of all, the General Electric Refrigerator never costs a cent for maintenance and only a few cents a week for electric current. We always have an abundance of ice cubes and an endless variety of delicious frozen desserts."
