

### DO YOU SUFFER FROM CONSTIPATION?

Countless remedies are advertised for constipation. Many relieve for the moment but they are habit forming and must be continued. Others contain calomel and dangerous mineral drugs, which remain in the system, settle in the joints and cause aches and pains. Some are harsh purgatives which cramp and gripe and leave a depressed after effect.

Avoid lubricating oils which only grease the intestines and encourage nature's machinery to become lazy.

A purely vegetable laxative such as Carter's Little Liver Pills, gently touches the liver, bile starts to flow, the bowels move gently, the intestines are thoroughly cleansed and constipation poisons pass away. The stomach, liver and bowels are now active and the system enjoys a real tonic effect. All druggists 25c and 75c red pkgs.

### Win Chickens In Whist Play

Jack Preece and Charlie Lundquist High Men in Competition at Moose Club

In the knock-out whist tournament at the Moose Club last night prize-winners were Jack Preece and Charlie Lundquist who scored a decisive win by a score of 18 to 7 over the runners-up, A. O. Franks and Richard Long. Prizes, as usual, were chickens.

### HOOP GAME SOFTBALL ACTIVITY AT SCHOOL

Anox Expects to Have Four Leagues in Operation—Officers Are Elected

ANYOX, Oct. 15.—It is expected to have four basketball leagues in operation here during the coming winter. For the Senior A League, two teams are already entered—Celts and Shieks—and the Mine and Concentrator are also expected to have entries. For the Senior B League, Smelter and Celts are already in the field with the possibility of a third team from the mine. The Girls' League has entries from the High School and one other team. Three Boy Scout teams will probably compete in the Intermediate League.

The Anyox Community League Basketball Club, at its annual meeting held recently, elected officers as follows: President, Walter Jones. Vice-president, Frank Dodsworth. Secretary, Jimmy Elliott.

Stinech Team Beats Smith's In Second Play-Off

On Tuesday afternoon Grade Ten defeated Grade Eleven by one run in a highly exciting High School softball game. The score was 10-9. The winners had 16 boys from which to choose a team, whereas Grade Eleven had to turn out all their boys in order to make a team. Two of their members had never played before, nevertheless they gave a good account of themselves and were a real help to their team. These were Bussanich and Murray.

The experienced Ten team came to bat first and seemed about to run away with the game at once. Kishimoto and McRae had crossed the plate before the Grade Eleven team got working together to retire the side. At bat they were rapidly put out, O'Brien being the only one to get on base.

In the second inning, however, good pitching by Obata and excellent backing by the fielders retired the Grade Tens in one-two-three order. When they came to bat, the Grade Elevens made a real showing. With two out Wilson hit safely and started a rally that was not stopped until Wilson, Kanaya, Hanson, Obata and Murray had scored. O'Brien was on third and Fulton on second when the next man was put out. The Grade Elevens got the worst of a dubious decision which allowed Obata to go safe because he had been forced off the base line by a fielder and had been further sent out of his way by having to dodge the umpire who was also in the way.

The third inning showed good fielding on both sides and no score. For the Elevens Catcher Kishimoto and Second Baseman E. Johnson worked well together, Johnson being notably good in catching the throws from home which were well placed. In their fourth inning at bat, the Elevens brought their score to within one of the five runs held by the Tens. Moxley and Allen were the scorers. However, the Elevens regained their strong lead when Murray and Hanson scored. O'Brien again took part in sending these runs home and himself got to third.

Grade Eleven came to bat in the

final inning determined to catch up and if possible pass their opponents. The first man went out. Then McRae started a rally that went on to score Johnstone, Tobey, Moxley, Bryant and Johnson. The score was now 10-7 in favor of Grade Ten. Undaunted, the Elevens came to bat to send Wilson and Kanaya over the plate and get Hanson to third and Obata to second before the side was retired. The close score of 10-9 was representative of the play.

Grade Eleven—Obata, Murray, O'Brien, Fulton, Rice, Bussanich, Wilson, Kanaya (captain), Hanson, Battery—Obata and Fulton. Grade Ten—Kishimoto, McRae, Johnstone, Tobey (captain), Moxley, Allen, Bryant, Johnson, Hickey, Battery—Tobey and Kishimoto. Scorekeeper—B. Unger.

#### Stinech Beats Smith

On Monday Stinech's team won the second game of the three-game series for the knockout league championship. In the first game of this play-off Smith had won a close game. The teams are now tied; the next game will determine the series.

The Smith team were forced to take the field without their captain who was sick. Moreover, Stinech was determined to win the game in order to force the play-off into a third game. However, the Smithites put up a gallant fight and Stinech was able to win by only one run, the score being 7-6.

Scorers for the winners were Cameron, Stinech, Hanson (2), O'Brien and Ross.

For Smith, Obata (2), Tobey, Morrison and Peachey scored.

Stinech—Cameron, Moxley, Anderson, Stinech, Hanson, Ross, O'Brien, Bremner, Johnson. Stinech pitched.

Smith—Obata, Tobey, Vance, Kanaya, Thurber, R. Morrison, Peachy, Morrison pitched.

Scorekeeper—Bremner. Umpire—Harry Gilliland.

#### Soccer Game

Grade Nine will meet the Matric-Commercial in the third game of the Inter-Class Soccer League. To date, the Ten-Elevens have defeated the Nines in a close game. In turn the Ten-Elevens were beaten by the Matric-Commercial. None-the-less, the freshmen are not at all daunted by the seeming handicap they face, and are fully confident of being able to take the measure of their seniors.

### Dry Dock Leads C. N. Crib League

Has Margin of Single Point Over Station

Canadian National Recreation League Cribbage League results last night were as follows:

Dry Dock Machinists	23	31	23
General Offices	18	9	18
Car Shops	15	12	15
Locomotive Shops	13	14	13
Round House	12	15	12

### LOCAL ITEMS

Mr. and Mrs. S. McDougall are sailing on the Princess Louise this afternoon for Vancouver enroute to Desbarats, Ontario.

E. E. Gregg, assistant district forester, returned to the city on the Prince George today from a trip to Ocean Falls on official business.

C.P.R. steamer Princess Louise, Capt. Thomas Cliff, is due in port at 3.45 this afternoon from Alaska and will sail at 4.30 p.m. for Vancouver and Victoria.

J. S. Rogers of the Rupert Marine Products Ltd. returned to the city on the Prince George today from a trip to Vancouver, Victoria and elsewhere in the south.

Capt. Steve Selig and R. Parks of Ketchikan, who have been at Ocean Falls, arrived in the city on the Prince George this morning from the paper town. They will proceed to Ketchikan later in the week.

F. F. Brown of Anyox is a passenger aboard the Prince George

## Girls liked him at first .. but couldn't forgive "B.O."

**SHE THOUGHT:**  
"Nice boy—but 'B. O.' makes you impossible."  
**Yet, to be polite, SHE SAID:**  
"I'm terribly sorry—but I won't be in any night this week."

**SHE DID** so hate to turn him down again. He was good-looking, agreeable, just the type she liked. But what could she do? "B.O."—body odor. No, she couldn't overlook that.

Yet, it's easy to avoid offending. Just wash and bathe with Lifebuoy, the delightfully refreshing toilet soap millions love. Its mild, abundant, deep-cleaning antiseptic lather purifies pores—quickly ends "B.O." Its pleasant, extra-clean scent, that vanishes as you rinse, tells you Lifebuoy purifies!

## Lifebuoy HEALTH SOAP stops body odor

"B.O."—we all need to guard against it! Even in winter our pores give off a quart of odor-causing waste daily. We become so used to this familiar odor that we don't notice it in ourselves. But the least trace of "B.O." is instantly apparent to others.

Thousands of women depend on Lifebuoy—and Lifebuoy alone—to keep their complexions fresh, clear and radiant with health-beauty. Try it. See how quickly its purifying lather freshens dull, tired skins. Adopt Lifebuoy today.

Tommy MacKay, accountant for Premier Gold Mining Co. and son of the late Neil MacKay, pioneer newspaper reporter of Prince Rupert who was killed in the Great War, is a passenger aboard the Prince George today returning to Premier after a holiday visit to Vancouver.

Gordon Gilliland is now purser of the steamer Prince George which is in port today. He is taking the place of Bert Robson who has gone to the Prince Henry on the Triangle Run.

Dr. J. H. Carson, who attended the recent British Medical Association congress in Winnipeg and has since been engaged in post-graduate work in the United States returned to the city on the Prince George today, accompanied by Mrs. Carson and family.

Louie Smith of the scientific staff of the Prince Rupert Fisheries Experimental Station, returned to the city on the Prince George this morning from Vancouver where he spent the past four months at the University of British Columbia laboratory engaged in fish glue experiments.

**"DANDERINE"**  
Dissolves Crust of Dandruff  
Soothes Scalp; Gives New Life and Luster to Hair!

There's no use allowing unsightly dandruff to steal the life from your hair; make it dull, brittle and scraggy; turn it gray or make it fall out. "Danderine" will dissolve the worst crust of dandruff in a hurry. It will bring the glow of health back to your scalp. Its consistent use will encourage the hair to grow long, thick, more youthful-looking.

You will be delighted by the effects of "Danderine's" first application. All excess oil is removed from the hair; its natural color is brought out; it is given amazing new life and lustre.

Five million bottles of Danderine used a year shows its popularity! And you won't wonder at this once you learn its easy use and see how quickly it gives health to the scalp and vigor and youthful appearance to the hair!

Every drug and toilet counter in the land has Danderine—30c bottles.

### First Photos Alaska-Montreal Telephone Link

The first telephonic conversation between Alaska and outside commercial lines took place a few days ago, when C. H. McLean, transmission Engineer of the British Columbia Telephone Co. and H. A. Robinson, Radio Engineer of the Northern Electric Co. Ltd., on board the Yacht "Belmont" in the harbour at Ketchikan, Alaska 900 miles north of Vancouver, B.C., put in a long distance call through Vancouver to Montreal and in a few minutes were carrying on a two way conversation with Major James Hamilton, Vice President and general manager B.C. Telephone and P. F. Sise, President Northern Electric Co. in the latter's office in the new Telephone Bldg. The conversation was overheard by a group of prominent citizens at both ends of the land lines which were "connected" to the Yacht by a new Radio Link developed entirely in Canada.

Pictures show, top left—H. A. Robinson and C. H. McLean with others in the operating room of the Electric Co. looks on while Major James Hamilton, Vice President and general manager B.C. Telephone Co. talks to the Belmont. Right, The "Belmont" in Ketchikan Harbour. Lower left, P. F. Sise, President Northern Electric Co. talks to the Belmont. Right, aeroplane view of Ketchikan Harbour. Inset, C. H. McLean, transmission Engineer B.C. Telephone.

The tests mentioned followed those made in Prince Rupert Harbor when accompanied by Mayor Orme and several other citizens conversation was carried on between Prince Rupert and Lulu Island.

### More Hours of Entertainment

EVEREADY LAYERBILT lead in battery sales, because they offer more hours of service, longer life, more dependable power and more satisfactory operation. There's no other battery like Layerbilt... no other that is completely packed, layer on layer, with power-producing materials. And there is no other Layerbilt, except that bearing the Eveready name. Three sizes (22½ volts, standard 45 volts, and heavy duty 45 volts) answer all needs.

Sold at Radio Stores everywhere.
