When are upset

Baby ills and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea-a condition it is always important to check quickly. How would you meet this emergency-tonight? Have you a bottle of Castoria ready? There is nothing that can take the place of this harmless but effective remedy for children; nothing that acts quite the same, or has quite the same comforting effect on them.

-keep this old, reliable prepara- the wrapper.

tion always on hand. But don't keep it just for emergencies; let it be an everyday aid. Its gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists For the protection of your wee have Castoria; the genuine bears one-for your own peace of mind Chas. H. Fletcher's signature on

> from Lowe Inlet on Thursday eve-While Mr. Finn's connection with the B. C. Packers is to date from the first of September at the request of Skookum I., barge with derrick, the Biological Board he will attend belonging to the Pacific Salvage & the meetings of the sub-committee Tawing Company, arrived from the of the Prince Rupert station during Skeena and will leave for Vancouver. She has been engaged on the

Skeena where she has been working Whether the big salmon run has at the foundations of the piers of anything to do with the crab situathe transmission service for the tion or not is beside the question but we hear of big catches of big crabs being made near McNicholl Creek. Henry O'Malley, commissioner of Fred Bradshaw of tennis, football, fisheries for the United States, has singing and financial fame has now been visiting in Alaska investigat- added crabbing to his long list of ing at first hand the condition in accomplishments and had a catch of 20 large crustaceans that helped After making the rounds of parts to provide crab fillings and salad of the district on the fisheries boat dressings for the Commerce mess Brant, Captain Earl Hunter in during the week. command, Mr. O'Malley arrived in

The big run of salmon has its tinue his inspection in the South- drawbacks. John Norvig with the eastern Alaska district. He expects Balsac I., who has been on the halibut banks up to recently, fitted out his boat as a seiner and soon had a 12,000 catch. But like some other independent fishers he found difficulty in disposing of his catch and was glad to sell some for bait to the halibut boats while a portion was disposed of to the fertilizer in 1920 and that it was still worse plant,

At North Island we hear of some excitement over the big catches and price vagaries. When the price came latter plan. They decided to operate down to 13c and 8c some decided that it was time to strike. Others went on fishing and on getting a good catch were able to sell their fish and the strike collapsed. Fishing as one man puts it is a double gamble. You gamble as to whether you get the fish or not and then you gamble as to whether you get the price or not.

> The Iceland seems to be the high boat at North Island so far this year a \$40 return being considered a poor day.
