

The Letter Box

OPPOSES HOWE SCHEME

Editor Daily News:

I read with much interest and a sizeable degree of pleasure in this evening's issue of your paper the protest of Mr. C. F. Todd of J. H. Todd & Sons and Col. Frank H. Cunningham, managing director of Chatham Sound Packing Co., before the fisheries committee of the legislature at Victoria yesterday against the proposed new fishery regulations as set forth by Hon. S. L. Howe, provincial commissioner of fisheries, obviously in the interest of the otopus and against the best interests of all others engaged in the industry. Other cannery operators as well as the many hundreds of fishermen along the B. C. coast. I do not think that Mr. Todd and Col. Cunningham made their protest strong enough, and if you will grant me a little space in your paper I would like to write a few words re this matter, in order that the public may see the monstrous wrong that the B. C. Packers and Hon. S. L. Howe are trying to put over.

The net ratings for the B. C. Packers' seven canneries on the Skeena River gives them a total of 446 nets, and as they operate three canneries they would have 148 nets for one cannery and 149 nets each for the other two canneries while the rating only permits the following canneries 68 nets each: Port Edward, plant of Skeena River Packing Co.; "Inverness," J. H. Todd & Sons; Chatham Sound Packing Co., and Cassiar Packing Co. The Anglo B. C. Packing Co. fares a little better, having a net rating of 170 nets for three canneries and operating two gives them 85 nets for each cannery operating, while the Canadian Fishing Co. operating canneries at Haysport and Carlisle gets the worst deal of all with a total of 132 nets or 66 nets for each cannery.

And again it is proposed to close all bays and inlets on the Queen Charlotte Islands south of Skidegate Inlet to commercial fishing. This is all very fine for B. C. Packers as they have no canneries south of Skidegate Inlet. This is a blow aimed directly at the Canadian Fishing Co. which operates the cleanest and most sanitary cannery in northern B. C. at Lagoon Bay, at the head of Selwyn Inlet. This cannery and the one at Lockport would both be put out of business because they would be many miles up in the closed area.

I have been a gill-netter on the Skeena River and a fisherman in northern B. C. for many years and for that reason I think that I am qualified to speak intelligently re this subject. Now I would like to ask any fair minded man if these facts which I have set forth herein would indicate that the B. C. Packers either believe in conservation of fish or a square deal for the cannery operator or the fishermen.

Addresses Given At Cathedral By Local Clergyman

At the men's banquet last night in the Anglican Cathedral Hall, Dean Gibson referred to an editorial he had read in the Daily News entitled "Doers and Duds." Incidentally, he remarked that they knew what to do with the duds but it was difficult to know what to do with the knockers. However there always were knockers and possibly the best thing to do was to ignore them.

The Dean urged the value of the church to the individual and to the community and also urged that it be well supported.

Canon Rushbrook also gave a very interesting address showing the need of the better things of life.
