Are Now Leading In High School Football League

Yesterday afternoon the fourth game of the High-School Footbalt League was won by the Grade third. Twelve horses ran. Nine class when they defeated the eam from the middle grades of the school by a score of two to nothing. This victory puts the freshmen in the lead for league honors. They now have four points the Ten-Elevens and the Matric-Commercials each have two.

Kanaya, who is an excellent for | nadian Legion.) ward, proved to be weak in goal and the damage was done before he was replaced by Allen. Moreover, Kanaya's absence from the forward line in the early part of the game weakened the Ten-Ele- Mitchell, A., Scott, J. ven team because without him they could not get their splendid combination working. On the other hand the Grade Nine team was showing best form with respect to combination. Under Alec Walters' direction the backs were sending well placed passes to their wings. Marshall and Wingham, both of whom showed real keeness in accurately receiving the ball and centering at the proper moment Hill and Davies were always dangerous; Hill particularly, has been splendidly agressive in recent games. Walter Cross at centre was the pivot around which most of the freshmen rushes worked. He was tireless and always effective. Blake at centre-half was sure and Arney played a fine game. Suchiro was active and sure in goal. He proved to be dependable by always taking the rather dangerous passed sent to him by Walters when the latter was hard-pressed.

Taking it man for man, the other team was just as good individually, but it could not get the same cohesion as its younger rivals. Carl Smith played an excellent back game and was not prone to make the mistake of backing onto his goal. Murray and Morrison were always capable and aggressive in receiving and clearing the ball, but too often they were to be seen leading their opponents into their own goal mouth. They showed more than usual alertness however in clearing the ball from the crush that frequently takes place in front of the goal. Rice at half was always vigorous and useful but Bartlett on the right-half position was not as effective as he has been in all the other games Although he was always on the job he did not send the ball down the field with his usual sureness. The forward line has not been able to show that wonderful combination that they had in their last game. Every one of them was playing agressive football. However they could not solve the back game their opponents were playing. In the latter part of the game Cameron, who is a splendid captain worked out a fine scheme and inspired his team to new efforts that deserved to bring results. But, although their attacks were well conceived and vigorously executed. they could not score. Still fighting in the last few minutes of the game they inspired the remark by one of their opponents, "There are some fellows who never know when to guit."

The game was notable for the better shooting by both sides Marshall has recovered his ability to hook the ball into the centre. Cross did some very clever shooting in one instance hooking the ball across toward the unguarded side of the goal; the fact that he missed by an inch does not detract from the correctness of the play. He scored one of the goals. Wingham scored the other from one of the long cannon-ball kicks sent by Walters all the way from the other end of the field.

Grade Nine: Suehiro; Walters, Fisher, Bridden; Arney, Blake, Welle; Marshall, Hill, Cross, Davies, Wingham.

Grades Ten-Eleven: Allen Murray, Smith; Bartlett, Morrison, Rice; Palmer, Kanaya, Cameron, McRae, Moxley. Linemen: Ronald Wilson and

Roy Thomas. Umpire: H. Gilliland.

Good Hunting in Laurentians

This fine bull moose with 56 12-inch spread of 1400-pounds of weight sinking it into the mud. The antlers was shot in Mount Tremblant Park, Laurentians, about 60 miles east of Mont Laurier, which they towed the body to camp. Photographs at the end of Canadian Pacific steel, by R. H. Vickers show close-up of the moose and of the body being and A. C. Her, Montreal hunters, recently. It may be towed to see the house and a snap

and A. C. Her, Montreal hunters, recently. It came to the call of Gaston Prevost, well-known northern shot of a passage through shallows. The guide stated shot, the animal fell into the Gyprass Discovery Di shot, the animal fell into the Cypress River, its plentiful in the district.
