ALL CANADA GOES TO POLLS TODAY

Largest Vote Recorded in History of Canada Expected; List Large

Premier Went From Laurier House to Cast His Ballot; Conservative Leader Bennett Is Very Hopeful of Outcome

OTTAWA, July 28:—Canada went to the federal election polls early today and from every province comes word of strenuous campaigning up to the last minute. All organizations are working to the utmost to bring supporters to the ballot box. The largest poll ever recorded in the Dominion is expected. The total names on the voters' list are estimated at five million.

Premier King went from Laurier House to record his vote and in the afternoon dealt with certain matters requiring his attention. He has completed a strenuous campaign in excellent health and spirits.

Hon. R. B. Bennett, Conservative leader, back in his office, awaited "with every confidence," to use his own words, the result of today's vote.

COMMUNICATING WITH CONAN DOYLE

Psychic Photograph is Used According to Widow of the Author

Vicar and Investigator Sat For Photograph on Which Picture of Deceased Spiritualist Was Superimposed

LONDON, July 28:—Lady Conan Doyle, widow of Sir Arthur Conan Doyle, said that her dead husband had established definite communication with his family through the medium of the psychic protograph. She told the Daily Herald that Rev. Charles Tweedale, vicar of Weston, Yorkshire, and a psychic investigator sat for the protograph. Sir Arthur's picture, she said, is superimposed upon the photograph of Tweedale. The picture was made by a professional photographer but the plate was developed and printed solely by Tweedale.

FISHERMEN CAN'T VOTE

Many Cannery People in Rivers Inlet Unable to Get to Their Homes in Vancouver

Between 800 and 1000 fishermen and cannery employees at Rivers Inlet and vicinity are unable to vote in today's federal election despite the 72-hour close season which includes election day. These persons hold the franchise to vote in Vancouver ridings and the steamship companies were approached by political interests with a view to chartering a vessel for a special run to take them to Vancouver but it was found that all the ships suitable for such a long trip were busy on regular services. Therefore, few if any of these persons will be able to vote except those who are registered in the polling divisions of Rivers Inlet which is a part of Skeena riding.

Round-the-World Flier Honored

Major Chas. Kingsford-Smith seen upon arival at Oakland airport, Calif., upon completion of epochal flight around the world, being presented with bouquet by Anna Voortmeyer, daughter of the man who charted his route.

AINA WAS UNDAMAGED

Neither Did Packer Lose Her Salmon Cargo in Goose Bay Last Week

Further particulars of the accident which befel the fish packer Aina last week have been received. When the vessel, which was overloaded with salmon, commenced to fill, the skipper, Anton Strand, drove her to shore in Goose Bay and beached her. Thursday night the fish was taken out of the vessel in an undamaged condition. After being refloated, the Aina was able to resume her work without coming into port for repairs. The only loss was a few fish which went overboard from the deck.

EXAM RESULTS ANNOUNCED

Several Young Ladies Successful in Commercial Department at Convent

Following are the names of students who were successful in the commercial examinations and have obtained diplomas from St. Joseph's Academy:

Full Commercial Course

Honors—Margaret Smith, 91%; Margaret Sievert, 90%; Joan Cross, 89%, Dorothy Brott, 89%, (even);; Mildred Lindsay, 86%; Palema Cameron, 85%.

Pass—Kathleen Morrison, 82%; Laleah Robertson, 80%, Agnes Comadina, 80% (even).

Stenographic Course

Honors—Hazel Innis, 89%.

Pass—Olive Evitt, 84%; Helen Pratt, 80%; Marie Murphy, 76%; Mary McCaffery, 75%, Erma Bussanich, 75% (even).

Mrs. Williscroft Given High Post In Royal Purple

Word has been received in the city from Winnipeg, where the Ladies of the Royal Purple have been holding their Dominion convention, that Mrs. W. E. Williscroft of this city has been elevated to the office of Supreme Leading Lady. This is the second chair in the Grand Lodge.

GOVERNMENT OFFERING REWARD FOR EVIDENCE OF INCENDIARY FIRES

VICTORIA, July 26:—Stirred by reports that forest fires in Northern British Columbia have been started by incendiaries, the provincial government announced yesterday that it would pay a reward of $250 for information leading to the conviction of any person guilty of this crime. The object of persons who start the fires, it is explained, is to secure work in fighting them at government expense.

HEAVY RUN OF SALMON

Butedale Was Overstocked and Had to Send Some Fish to the Skeena River

There is such a heavy run of fish in the seining areas of the central division that Butedale cannery was stocked with more salmon than it could handle yesterday and some of the overflow had to be sent to Skeena River canneries. An extra day's close season per week has been imposed in that area, it is stated, on account of the large number of seine licences.

Separate Seat Is Recommended

J. W. Berry M. L. A. Would Give Peace River Exclusive Representation in Legislature

One of the recommendations which J. W. Berry M. L. A. will make to the government, following an inspection tour to the Peace River district, will be that the Peace River be separated from Fort George riding and made a separate constituency in the legislature, according to Vancouver papers. Mr. Berry is evidently convinced that the Peace River is entitled to separate representation.

CARD OF THANKS

Mrs. Mullen and family of Kent, Washington, desire to thank their many friends and especially the Moose Lodge at Stewarf, for the kind expressions of sympathy shown in their recent bereavement.

TOOK HIS OWN LIFE

Railway Cook Found Yesterday Morning in His Car With Wrist Slashed

The body of Howard Benson, cook for the bridges and building department of the Canadian National Railways here, was found yesterday morning lying across his bed in his room on an auxiliary dining car in the local yards. He had evidently taken his own life by slashing his left wrist with a safety razor blade. That the suicide had been premeditated was indicated by a pail which had been set carefully alongside apparently to catch the blood. The tragedy was discovered about 9 a.m. by one of the B. and B. crew who went to Benson's room to see why he was not preparing breakfast. The police were at once notified and the body taken to the parlors of the B. C. Undertakers.

Deceased was about 65 years of age and had been here for some time in the employ of the railway company. About 10 days ago he is understood to have talked in a despondent manner to one of the men in the B. and B. department. However, he had been seen and talkd to Saturday evening in a local beer parlor and seemed then to be in good spirits.

An inquest is being held.

The verdict of the jury at the inquest conducted this morning by Coroner C. L. Monroe was that death had been by suicide. The jurors were M. McLeod, foreman, W. H. Burom, J. Richardson, J. Mackay, F. Burt, and E. Tulloch.

Fifty-Three Voted At Advance Poll

Eleven Persons Cast Their Ballots In This Way on Saturday Afternoon and Evening

Eleven more votes were cast in the federal election advance poll Saturday afternoon and evening, making a total of 53 votes for the three evenings of this poll.

It was mostly fishermen who voted at the advance poll and the Liberals claim that the majority of these votes will be for Olof Hanson. The advance poll ballots will be counted tonight with those of the regular voting today.

VANCOUVER WHEAT

VANCOUVER, July 28: — Wheat was quoted on the local exchange today at 93⅞c.

ELECTION ON TODAY

Fine Weather Conditions Instrumental in Bringing Out Large Vote Today

At seven different polling stations in various parts of the city, Prince Rupert electors are casting their ballots today in the federal election. The sunny clear weather is proving instrumental in bringing out a large vote. The polls opened at 8 o'clock this morning and will close at 6 o'clock this evening. Within half an hour after the close, the city count should have been pretty well completed.

With E. H. Mortimer, returning officer, and D. M. Hunter, election clerk, in charge at headquarters, the other election officials here are:

Deputy Returning Officers—G. P. Lyons, L. F. Turgeon, J. J. Judge, Richard Butler, S. E. Parker, S. V. Cox, J. R. Tannock, C. P. Balagno, Arthur Brooksbank, Bert Morgan, R. M. Wright, Harry Walker and H. F. Fraser.

Poll Clerks—Harold Nickerson, John Currie, S. J. Hunter, J. M. McLean, Ben Ferguson, F. Macdonald, William Stone, Douglas Sutherland, Clarence Insulander, Allister McRae, J. Allen, John Nelson and J. Williams.

At each table the Liberal and Conservative parties are represented by agents or scrutineers.

Owing to th number of polling stations, there was difficulty in ascertaining the progress of the voting up to 2 o'clock this afternoon.

R-100 IS LEAVING ENGLAND TOMORROW

CARDINGTON, Eng., July 28:—The Air Ministry announced this evening that the dirigible R-100 would begin its flight to Montreal at 3:30 Tuesday morning. (This would be 6:30 tonight Pacific Standard Time.)

CONCERT BY BOYS' BAND

Fine Recital Last Night Before Leaving For Vancouver—Assisting Artists

Before its departure for Vancouver where it will compete at the annual Exhibition, the Prince Rupert Boys' Band, under the leadership of Bandmaster Thomas Wilson, appeared in a delightful recital at the Capitol Theatre last night. There were many favorable comments on the rendition of Gounod's "Faust" which will be the test piece. Mrs. F. N. Good and J. A. Teng sang vocal solos in connection with the program. Mayor C. H. Orme spoke briefly, complimenting band on its progress and thanking the public for support given in connection with the campaign for funds to make the tour.

There was not a very large attendance at the concert. The collection amounted to $53 which will just about clear expenses.

The band expects to leave next Friday.

Former Resident Visiting City On Union Oil Affairs

J. T. C. Williams, formerly chief inspector of fisheries, and now special representative for the Union Oil Company, in control of marine stations, is in the city in connection with his work. He has already visited the stations to the south and will complete the tour after being in the city a day or two.

Mr. Williams says the fishing is very good at Rivers Inlet, Smith's Inlet, Namu and Butedale and he also understands that fishing was excellent at the close of the week on the Skeena River.

The Union Oil Company have stations at all fishing districts and all are proving successful, Mr. Williams says.

EIGHT MILLIONS IN GOLD HAS NOW BEEN SHIPPED TO CANADA

NEW YORK, July 28:—The Bank of Montreal today announced the shipment of $3,000,000 in gold to Canada, bringing the total for the present movement to Canada to $8,500,000.

HARVESTING IN AUGUST

Moisture Would Now be Welcome On Prairies—Warm in Peace River

WINNIPEG, July 28—Some of the drought areas in Western Canada received considerable rain but precipitation in such districts has come too late to materially increase the general outcome of the wheat. However, the rains will improve coarse grains and insure a more abundant supply of fodder. In districts where precipitation has been plentiful heads are filling out well and, where straw is weak, lodging is noticeable. Scattered reports of leaf and stem rust come from Manitoba and Eastern Saskatchewan according to the weekly report of the department of agriculture of the Canadian National Railways.

In Manitoba the past week has been extremely hot and cereal crops have been unduly hastened towards maturity. The heat was interspersed with thunder showers and the close muggy weather has been favorable for rust development with the result that leaf and stem rust is apparent in a large number of districts. It is, however, too early to estimate what damage will be wrought by rust on the quality of the berry. Durum and other Macaroni wheats, due to the rank growth and heavy showers, accompanied by wind have lodged in a considerable number of districts and this will necessitate a one-way cutting of some fields. Wheat and rye are ripening fast and the cutting of rye should commence next week.

Along the Carlyte-Wakopa-Harney-Rapidcity sub-divisions wheat is all headed and most of it is in the doughs stage and cooler weather would prevent the grain from ripening too fast and allow it to fill properly. The cutting of barley should start about August 5 and wheat cutting will be general

(Continued on Page 4.)

MAKE CANS IN ALASKA

American Can Co. Is Considering Establishment of Branch at Ketchikan

A party of San Francisco officials of the American Can Co. were passengers aboard the Princess Charlotte Saturday afternoon returning south after a trip to Ketchikan where they looked over site and conditions with a view to establishing a branch can factory there. The party included Mr. and Mrs. Sullivan, Mr. Yost and Mr. Derker.

Lieut. Governor Visits Peace River

Mr. Bruce Addressed Pouce Coupe Board of Trade Thursday

Hon. R. Randolph Bruce, Lieutenant-Governor of British Columbia, has been on a week's trip to the Peace River district. Last Thursday night he addressed a banquet of the Pouce Coupe Chamber of Commerce.
