Used to be a cranky boy. Things didn't seem to go right. Not any longer! Someone suggested Nestlé's Evaporated Milk. Now he's a regular little man-strong legs-loads of energy-sunny disposition-all because he's getting the proper food.

And here's the Reason! Nestlé's Evaporated Milk is just the best of fresh cow's milk with part of the water removed-then sealed and sterilized in air-tight containers. Add water again and you have absolutely pure, safe milk-but more readily digestible than ordinary milk because the large fat globules of the milk have been broken up into small ones of the same size as in Mother's milk. Also, the curds which form in the stomach when Nestlé's Evaporated Milk is used

are soft and flaky and therefore easily digestible. Use Nestlé's Evaporated Milk for Your Baby. Use it in coffee-in cocoa-in tea. Use it in all cooking and as a beverage by diluting with one to two parts

Fine Entertainment Staged Yesterday Afternoon and Last Night By Lief Erikson Society

most delightful Christmas Tree entertainments which has been held in the entire course of the recent festive season was that which was staged yesterday afternoon for the children and last night for the adults in the Moose Hall. Both occasions proved of much enjoyment to all who were in attendance.

There were about fifty children present at the Christmas Tree in the afternoon. Gifts and sweets were distributed to the children by Santa Claus whose part was played admirably by Nels Gunderson.

The first part of the evening's proceedings was a delightful concert program. After the singing of "O Canada," brief introductory remarks were made by B. M. Simpson. There was then a piano solo by Fred Johnson, city. Peter Lien after which Mr. Erikstad. the acting president, made an appropriate address.
