Built for Many Thousands of Miles

HE new Ford has been designed and built to give you many thousands of miles of faithful, economical service. Beneath its flashing beauty of line and color-in those vital mechanical parts which you may never see - is a high quality of material and accuracy in manufacturing. The reliability and capable performance of the car, in all weather and under all conditions, make it a particularly good choice for constant use. It stands up under the added strain of bad roads and hard daily service in a way that has always been characteristic of the Ford car. The experience of the passing months and years will increase your satisfaction in its performance and confirm · your first impression that it is a value far above the price.

THE NEW FORD SPORT COUPL

Unusual Riding Comfort

ONE OF THE fine things about driving the new ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, or rough or devious the highway, you know it will bring you safely, quickly, comfortably to the journey's end. The restfully tilted seats are generously wide and deeply cushioned. The backs are carefully designed to conform to the curves of the body.

Roadster

Furthermore, every Ford car is equipped with four Houdaille double-acting hydraulic shock absorbers and special transverse springs. Even bad stretches may be taken at a reason. ably fast pace without hard jolts or bumps or exaggerated bouncing. The steel-spoke wheels, three-point chassis suspension, torque-tube drive, and low unsprung weight also contribute to the easy-riding comfort of the Ford car.
