HEAR WISE MEN TALK

Albert and McCaffery Say They Have the Best Values in Coal

The Soviet Government has chartered one hundred and seventy ships to carry wheat and lumber to Great Britain. How about it? The Naval Conference reports that Mussolini wants war! Mussolini is the only ruler in the world who participated in the last war as a private soldier. If he wants war, war must be good.

As some philosopher said: "The hand that rocks the cradle rules the world." However, that saying is old-fashioned. Will Rogers says: "The streets are filled with automobiles going nowhere, but in a hurry to get there." Mark Twain said: "We talk a lot about the weather, but we never do anything about it."

Larry Warner intimates that times are not hard in Smithers. George Nickerson has said that, if he had his life to live over, he would be more outspoken. Tom McClymont remarked that the C. P. R. should take over the C. N. R. A good many other great men have spoken.

Albert & McCaffery state positively that they have the best values in coal.
