FISH WHARVES ON SECTION TWO

Minister of Lands Reports Application Having Been Made for Foreshore Rights.

At last night's council meeting a letter was read from T. D. Pattullo, Provincial Minister of Lands, in which it was stated that an application had been made to that department by some party or parties for a waterfront site for fishing purposes. As the department had understood that it was the intention to centralize, as far as possible, the fishing waterfront about Seal Cove, the Department had decided to seek the advice of the city in the matter.

The mayor did not favor Section 2 as a place for fish wharves, etc. In the first place it was originally intended for ocean docks and was suitable for such and it was too open for fish wharves, in his opinion. Ald. McRae was of the opinion that the fishing industry should be centralized and not scattered all over the waterfront. Ald. Rochester pointed out that from a standpoint of the fish wharves being an annoyance to the residential section, they could be no more annoyance than the garbage scow is, which is at present located there.

Ald. Casey moved and Ald. McRae seconded that the letter be referred to the Fisheries Committee, of which Ald. McMeekin is the chairman. This resolution was carried.

BOND INTEREST IS \$18,000,000

Enormous Sum will be Distributed in Canada on First of November.

The sum of \$18,000,000 is now being distributed as interest among those who subscribed to the 1918 Victory Loan. A large portion of the amount will go to the holders of small bonds.

Small bonds bring small amounts of interest, individually, but taken in the aggregate the interest assumes imposing proportions.

The people who will receive the interest in November will have in their hands a potential Niagara, a Niagara that will help materially in sweeping the Victory Loan, 1919, on to victory.

Interest drawn from previous issues of Victory Bonds should be re-invested. Because Canada needs the money. She needs it to clean up the war bill, to see that the soldiers who have come back in their thousands are fairly dealt with, that the wounded and crippled and the dependents of the fallen do not want, and that the large capital expenditures that are a part of the enormous work of reconstruction that has been undertaken are taken care of.

Put your Victory Bond interest back into more Victory Bonds.

LOT OF ACTIVITY IN ALICE ARM DISTRICT

D. W. Cameron, the Alice Arm mining man, who has been in town for the past few days, states that the famous camp is due for a big lot of activity in the spring. Development in the district is proceeding right along and new deals are being made every day or so. The camp is now on a thorough ground rock footing and confidence is shown on all hands.

Mr. Cameron was the discoverer of the Wolf Mine which was bought by the old Dolly Varden interests and which subsequently fell to the Taylor mining Co., on condition that the final payment on the property be paid by that company. He has several other very promising prospects in the district and is one man who has made well in the mining game.
