Defeated Booth Four to Nil in Junior Football Last Night

High School won over Booth last football game that was splendidly fought from beginning to end.

At the start High was superior and Fisher scored with a shot that Suehiro should have saved. Later Wingham added a second with a fine drive. Booth then had more of the game till half time but was unable to beat Stinech who was well protected by Smith and Nakamoto.

The second half was stubbornly contested all the way. High got two more goals through Wingham from a penalty and Kanaya in a scramble round the goal mouth. Booth attacked and Stinech was called on repeatedly, saving well from Wardroper and Ivarson.

High School got revenge for its last defeat by the Booth boys. Wingham was the best of the forwards with Bacon and Kanaya next. At centre half, Nakamoto played a sterling game and Greer also showed to advantage. Of the backs, Smith was the better with Katsuyama always safe. Stinech was a capable and competent goalkeeper.

Suehiro kept a fine goal apart from the first goal. Walters was a tower of strength in defence with Gomez also doing well. Cross played a clever game in defence and made some neat runs, too. Davies and Nakamoto were two good wing halves. Cromp, Christison and Wardroper were the best forwards. Blake, though injured, played an extremely plucky game and Ivarson showed up well towards the end.

High School-Stinech; Smith, Katsuyama; Bartlett, K. Nakamoto, Greer; Kanaya, Palmer, Wingham, Fisher, Bacon.

In the history of British football, no name is more famous than that of the Glasgow Rangers, whose visit to Canada this year makes an epoch in the game's proud history. The Rangers were joint champions with Dumbarton in the foundation season of the Scottish League. Since that time the Rangers have won the championship on 17 occasions. The Rangers hold a unique record so far as British football is concerned in obtaining maximum points in the league of 1898-99. In the season of 1920-21 the Rangers played 42 league games and were only once defeated.

Super-Six

The Essex Challenger is a Super-Six. By its patented principle the ability of the 6-cylinder type is freed to the limit. It is responsible for a performance and smoothness that belong exclusively to the Essex Challenger. That is why we say-and more buyers every day are saying-"not just a Six, but a Super-Six."

ESSEX Challenger Gives Sparkling Performance

Essex performance comes from its completely balanced motor and power line. This balance of aluminum pistons, crankshaft, clutch and flywheel, coupled with the Lanchester Balancer gives more power and smoothness at all speeds.

Roadability and Safety

Longer wheelbase, larger tires and patented spring suspension make Essex the most roadable of ears. High speed with safety is possible because of the positive action of four-wheel brakes.

Interior appointments carry the same motif as fenders and lamps.

Upholstery is of finest quality. There is a graceful three-spoke steering wheel, and the instrument panel holds starter, electric fuel and oil level gauge as well as motometer.

This is the finest, best performing Essex value ever built. It holds scores of records established during continent-wide Challenger Week. See it and drive it. You will need no other proof that this is not just a six, but a Super-Six.
