### MOTHERS now learn value of MAGNESIA

Because it is so helpful in keeping babies and children healthy and happy, every mother should know about Phillips Milk of Magnesia. This harmless, almost tasteless preparation is

most effective in relieving those symptoms of babies and children generally caused by souring food in the little digestive tract, such as sourbelching, frequent vomiting, feverishness, colic. As a mild laxative, it acts gently, but certainly, to open the little bowels in constipation, colds, children's diseases.

A teaspoonful of Phillips Milk of Magnesia does the work of half a pint of lime water in neutralizing cow's milk for infant feeding, and preventing hard curds. Its many uses for mother and child are fully explained in the interesting book "Useful Information." It will be sent you, FREE. Write The Chas. H. Phillips

Chemical Co., Windsor, Ont. In buying, be sure to get genuine Phil-

scribed it for over 50 years.
