

### Victory Loan 1919 Is Bridge Between War and Peace.

Agricultural and Industrial Prosperity of Canada Depends on Success of the Loan.

Why is it necessary to have another Victory Loan? Have you heard this story? Or have you asked it? The Victory Loan of this year stands out as the bridge between war and peace. The war is over. Our days are dawning and we at home must win that. Much of the money that Canada is making for will be needed to clean up the war debt. The expenses of mobilization were heavy, and there will be much of it unpaid. Now that the men are back, let it not be said that we repudiated the debt for bringing them back. The sick and wounded soldiers still in hospitals are expecting that Canada will care for them and their dependents until they have been returned to health and strength. The hospital services must be maintained at full strength as long as there are wounded men needing attention. Many men through disability are unable to return to their pre-war occupations. The Department of Soldiers' Civil Re-establishment is doing a fine work in training returned soldiers in trades and professions so they can earn a living at, and following up the training and seeing that they obtain remunerative employment. The maintaining of this much of reconstructive service calls for much funds, and the Victory Loan is used to pay for it as well as other purposes.

Soldiers' Land Settlement Act, enough money is lent to returned soldiers to enable them to buy and stock a farm. This money is repaid at a low rate of interest. The soldier is thus given a chance to re-instate himself in civil life and production is given a boost. The total amount of the forthcoming loan, \$24,000,000 has been allocated to finance these soldiers' pensions to the disabled and dependents of our glorious dead, as well as the authorized gratuities will be paid for items on the expense sheet. There are some of the obligations of the returned soldier who are now in health. The maintaining of Canada's prosperity is an important reason why the Victory Loan should be a smashing success. The money is needed to meet the credits to overseas countries so that they may continue their relations with us. If Canada does not give these credits other countries will, and then Canada will lose the great overseas trade that has been the mainstay of our agricultural and industrial life for so long. As an investment Victory Bonds are being sold. Paying 5 1/2 per cent., sell above par on the open market, guaranteed by the Dominion—what further reason can you have for hesitating? The Victory Loan ought to be oversubscribed, and all right-thinking citizens will do their utmost to see that such a result is obtained.

### CARE FOR WOUNDED

Money From Victory Loan Will Be Used to Re-establish Soldiers.

Our soldiers in France faced perils more than those of shell and gas and machine-gun fire. There was the danger of tuberculosis. Up to August 3,909 soldiers suffering from disease had been returned to Canada. These were placed in sanitariums under the direction of the Department of Soldiers' Civil Re-establishment, and they are one of the departments of that branch that must be maintained, and come under the head of capital war outlay. All of these men and some 20,000 others, disabled or ill, will be looked after with money raised through the Victory Loan 1919. It is the sacred duty of Canadians that the money forthcoming.

### Credits Must Be Established for Sale of Surplus Products.

Success of Victory Loan 1919 Will Insure Steady Markets for Farmers.

It takes some six bushels of wheat to feed the average person in Canada annually. Roughly, therefore, the 10 million people here consume about 60,000,000 bushels each year. Even in a poor year the crop is five times that amount, and surplus must be sold if the farmers are to get a return for their labor. But the sale of the surplus must be financed. Great Britain, which provides our greatest market, is not the ready cash; and so Canada must find means of raising the money. Hence the Victory Loan 1919. The view of the fact that the prosperity of the Dominion is dependent to a considerable extent upon the sale of her surplus grain the necessity of the money being forthcoming is patent.

Your dollar may be the last straw that sweeps the Victory Loan over the top. Would you take the chance of making it a failure? Lead your money that your pay envelope may be always filled, as will follow the success of the Victory Loan.

Victory Bonds are the fodder that keeps the machinery of Canada's industrial world running at full speed. Spirilla Corsetiere. Phone 257.

## BIG TIME AT CHURCH BAZAAR

Catholic Ladies Make Great Success of Two-day Event, Concluding Last Night.

Crowned with success far greater than the fondest expectations or hopes of the committees in charge, the annual Catholic Ladies Bazaar was brought to a close last night. Due to the energetic work of the ladies of the congregation and the excellent organization, it is quite probable that when all returns and accounting have been made that the profits will clear the \$1,500 mark. Both days of the fair all the booths were kept rushing all the time and last night everything offered for sale was sold at least once. The few remaining articles left at midnight last night were sold off by auction. So many of the ladies gave their entire time and energy to the affair that it would be almost impossible to name them all. The names of those in charge of the different sections were given yesterday. Father McGrath was present from the very first opening of the doors on Tuesday till late last night and gave his assistance in every way possible by announcing results and keeping the organization in hand. Before going home last night he stated that the affair had been an unqualified success, both financially and socially, and had eclipsed any such function ever held in this city. On behalf of himself and the church he wished to extend hearty thanks to all who had helped so much in promoting its success.

### Dance in Evening.

At ten o'clock last night the bazaar itself was practically concluded so a dance was started to finish up the event fittingly. The floor was cleared and the many dancers present commenced to enjoy the popular amusement. The floor was crowded and dancing was kept up until 2 o'clock in the morning. A buffet supper was served through the entire evening and the counter was kept occupied all the time. A new musical aggregation supplied delightful music for the dance free of expense for the affair and its premier appearance was hailed with much praise. The new orchestra consists of Miss Crux, pianist; Mill Lillian King, violinist, and Will Edmunds, banjo. Mr. Edmunds, hitherto, has not been known widely as a banjost but last night he made a name for himself in the manner he handled the darktown music dispenser. The hearty thanks of the management of the bazaar was extended to the orchestra for the unselfish way in which they provided the music for the occasion.

### Prize Winners.

A large list of articles were donated for raffle and this was a large source of revenue to the finances of the bazaar. Practically all supplies and requirements of the function were donated in some way or other, making the receipts almost clear profits. The following is the list of raffle winners:—Wool sweater donated by A Friend, won by Geo. Shaw; plant, Mr. Van Gestel, won by S. J. Howe; ham, P. Burns & Co., Ltd.; Martin O'Reilly; tea pot,

The guessing contest on how long the 24-hour clock would run was probably the best advertised feature of the bazaar. This was due to the canvassing for the sale tickets carried on by the four young ladies. The prize of \$50 to the lady who sold the most tickets was won by Miss Patricia Meagher. The following is the result of the ticket selling campaign:

- Miss Patricia Meagher . . . 559
- Miss Norah Kenny . . . . . 420
- Miss Inez Ross . . . . . 150
- Miss Margaret Allen . . . 145

It was impossible to announce the winner of the guessing contest last night as at midnight the clock was still ticking merrily in the vault of the Royal Bank of Canada, thus dashing the hopes of those who had figured on winning the prize by guessing in the neighborhood of 24 hours. The result of the contest will be announced today.

### VAUDEVILLE AT THE WESTHOLME THEATRE

Large Crowd Out to Applaud the Varied Turns of Visiting Artists.

The Westholme Theatre was crowded last night for the big vaudeville show. There were a number of varied turns, each of which was applauded, and those attending voted it a complete success.

Vaudeville makes a strong appeal to the crowd. It is always popular. When it is as varied as that of last night and the prices are right, as they were on that occasion, the house is bound to be filled. There were two shows, the performance being continuous from 7:15 until 11.

The vaudeville will be repeated tonight and it is expected that the house will be once more packed to the doors.

### NOTED CIVILIAN AND MILITARY PERSONS ARRIVE IN U. S.

The steamship Orduna arrived in New York the other day with 184 civilian and military passengers, including many notable persons.

According to Mrs. L. Ward, an American woman resident in England, and who has been prominent in both England and the United States as an advocate of a closer understanding of the two nations, the Irish have not "played the game fairly" during the war because of the hatred of England that sur-
