London Daily Express Asks Electors of West Fulham What Their Answer Will Be to Canada's "Generous Concessions"

LONDON, May 3:- "The Dunning budget constitutes the greatest advance in Imperial relations we have seen since the War," declares the Daily Express, Lord Beaverbrook's organ, in an editorial comment upon the new Canadian tariff. The editorial asks the electors of West Fulham, which riding is having a byelection, what reply they will send to Ottawa by their votes-whether Canada is to be given nothing in return for "their generous concessions" and Great Britain is to continue to take subsidized wheat dumped by any country or whether the Canadian gesture is to be welcomed with pride and joy.
