Scrupulous Purity to guard Health

A Necessary Standard for Personal Care

Surgeons in many leading hospitals use the identical material in Kotex, for surgical dressings, because they know it is safely antiseptic and marvellously absorbent. No greater tribute could be paid to the health guarding quality of Kotex, the New and Improved Sanitary Napkin.

Kotex is the accepted standard in matters of feminine hygiene for women who value immaculacy and delicacy. It is soft and comfortable and it deodorizes utterly. No bothersome laundering with Kotex. Directions in each package for discarding. Buy Kotex at any drug, dry goods or department store without embarrassment. Just ask for Kotex. Regular size 60c for box of a dozen. Supersize 75c.

DEODORIZES

1. Kotex deodorizes, safely, thoroughly, by a patented process. 2. Kotex is soft-Not a deceptive softness, that soon packs into

chafing hardness. But a delicate, lasting softness.

3. Safe, secure . . . keeps your mind at ease.

4. Kotex filler-is far lighter and cooler than cotton, yet absorbs 5 times as much.

. In Hospitals . . . Kotex is the identical material used by surgeons in leading hospitals.
