DAILY EDITION

#### OFF TO GOOD START

The Gymnasium Fund is off to a good start. The Gyro business and community effort is an invaluable asset. Club has given an excellent lead and the mayor has led off nobly as a private citizen interested in the welfare of the young people of the city. Doubtless this lead will be fol- basketball champions, the Edmonton Grads, will be here lowed by others when the occasion requires. There is a large sum of money needed. Fifty thousand dollars is an ambitious amount but much depends upon the attitude of the people and the enthusiasm displayed. We strongly commend the project to the earnest consideration of all. of the Fair Week including the Indian football games. At It is one well worthy of support. What we need above present football has suffered a temporary eclipse though everything is a place for the young people to take their recreation on the dull days of winter.

#### THE RIGHT TO VOTE

In connection with the criticisms of officers or members of the crew of the steamship Prince George voting at the the game" individually and collectively. election in Prince Rupert, the following extract from the election law might apply in that case:

"For the purpose of his qualification as a voter, everyone is entitled to be treated as a resident at his home even

during the time he is absent therefrom for any temporary purpose, though if he has no real home or if, in spite of his having one, he makes his headquarters elsewhere for any substantial length of time, he is entitled to be treated as a resident at the place where his temporary headquarters are.

The home nort of the steamer Prince George is Prince Rupert and the vessel spends as much time here as in Vancouver, possibly more, therefore it is contended that the officers and crew have a perfect right to vote in Prince Rupert.

Whatever view the courts may take on the question, there is evidently a good reason for the men voting in the city and for those who identified the men as people who should vote in the city. Also there is good reason to believe that some of them voted for Hanson and some for Brady. children left today for Prince Those who loosely talk of "crookedness" and use other si- George where she will holiday for milar expressions should be careful how they bandy words the next two weeks. over something about which they are not well informed.

It's all right to make money but don't make a mess of life in doing so.

#### BOOM IN SPORT

One of the best things that can happen to a community Friday, August 15, 1930 from many points of view is a live interest in sport. A pert. people accustomed to "playing the game" in any line of sport acquire a broad education. They learn to take the knocks incidental to sport, the defeats with a grin and the victories with modesty. This applied to and interpreted in

There is therefore every reason to be gratified at the present state of affairs in Prince Rupert. The world's next Wednesday. There will be interesting boxing contests this coming week. During the Fair Week we shall have the Vancouver V. A. C. baseball team. In addition to these there are the Labor Day sports and then the sports with the re-opening of the schools there will be a revival ing a net the Prince William, Capt. of interest.

All of this is a healthy sign and it is certain that all fol- cluded in her cargo were 8,000 lowers of sports no matter what theirfavorite form is, will boxes of salmon. rally to these contests and support them by their attendance thereat and boost things generally. Sport-and R. F. McNaughton, district pas-Prince Rupert—has no room for knockers we must "play
