BENNETT IN BRITAIN

Undoubtedly Premier Bennett of Canada created a stir when he suggested as the head of the Canadian Govern- the prairie provinces and relaying ment that Britain should impose a protective tariff of more than 100 miles of the comagainst the world in order to properly qualify as a member pany's main line trackage in Westof the British Empire. It was a daring thing to do. It was ern Canada, is provided for in the perhaps the first time that any dominion had attempted to emergency construction projects of force the hand of the home government in the matter of the Canadian National system an-

general fiscal policy. Yesterday the despatches brought a protest from the dertaken after conferences between free trade element in Great Britain against such a policy the government and the railways but today the other side is heard from and it seems as if for the purpose of stimulating emthey are inclined to be with Bennett. A Public On the MANDS!

Skin disease threatens us every day. Invisible germs of blood-poison, eczema, etc., are waiting to infect the least cut or sore place. The money you use carries germs-you get them on the handles, rails and straps of the trains and street cars, and in a score of other ways. Solely through Zam-buk, Mr. Henry C. Davis, of South 17th Street, Kansas City, U.S.A., has just escaped a virulent type of eczema, contracted, he suspects. through use of public towels.

"I had medical advice," he says, "tried in addition all sorts of so-called eczema. remedies, without finding the hoped-for relief. Zam-buk treatment soon gave positive results. It took away the painful irritation and quickly purified and healed the deep troublesome sores."
