## Spirited Debates Are Expected as Federal Parliament Convenes

Session Opens Tomorrow, Probably Last Before Election Radio and Pensions Bills to Provide Contention

OTTAWA, Ont., Feb. 19:- (By R. K. Carnegie, Canadian Press Staff Writer)—Members will assemble tomorrow for the fourth session of Canada's Sixteenth Parliament. Will it be the last session before a general election? Back in the minds of most of the Parliamentarians that question is nestling. As far as can be ascertaned the rank and file of the Liberal members have no more definite information than have the Conservatives as to whether the government will go to the country this year. It is probable the inner circles ofo

government, which will make the bring on a battle. Both the Radio decision, will await early sessional and the Pensions Bills will be redevelopments before fixing an ap- ferred to special house coomittees. proximate date for appealing to The agreements between the Dominion and Manitoba and Alberta

### Halifax Booklet Very Interesting as to what these proposals will be.

Publication of Board of Harbor Commissioners Gives Much Information and is Profusely Illustrated

An interesting booklet published by the Board of Harbor Commissioners of the Port of Halifax and describing and picturing the facilities of that port as well as to some extent explaining present and future plans for the development of the Atlantic Coast always-open port has reached the office of the Daily and statistical information.

### PROTESTS NEW FISH PROPOSALS

Howe Regulations Are Unfair and Will Lead to Monopoly, Todd Company Says

VICTORIA, Feb. 19:-Suggestion for consideration by a committee and criticism of the fishing proposals of Hon. S. L. Howe, provincial commissioner of fisheries, were voiced by C. F. Todd of J. H. Todd & Sons before the fisheries committee of the legislature yesterday. He considered it unfair that idle canneries should be given net ratings. One company on the Skeena River had seven licences and operated but three canneries, he said. The proposed regulations would lead to a mono-

Mr. Todd suggested that every encouragement be given to white fishermen by providing them with nets at a cheap price and on easy payments.

Heavy catches of herring endangered the salmon run, he

Col. F. H. Cunningham told the committee that Mr. Howe's fisheries policy was unworkable and that control of the industry should be left in the hands of the Dominion Government. Col Cunningham was formerly federal fisheries inspector for British Columbia and is now managing director of Chatham Sound Packing Co. He insisted that his company's investment in the Porcher Island cannery was jeapordized and would probably be lost if the proposed regulations were put into

### General Currie Had Great Hatred For Loss of Lives In War, Memoirs Declare

LONDON, Feb. 19:-General Sir Arthur Currie had an almost fanatical hatred for unnecessary casualties, comments Major General J. E. B. Seely, commander of the Canadian cavalry brigade in the Great War, in his life story, written by himself, of the commander-in-chief of the Canadian Corps in France. Seely adds: "Of all the men I knew during four years on the Western Front, I think Currie was the man who took the most care of the lives of his troops. Moreover, again and again, he nearly brought his career to an end by bluntly refusing to do things he was certain would result in great loss of life without sufficient compensating advantages."

Finally, Mr. Burden said he knew and the details were obtained. Mr. Pattullo said the people of Creston regarded the contract as a scandal. Col. Fred Lister, Conservative member for Creston, is chairman of the Lister waterworks trustee board that borrowed the money and let the contract.

### WOULD BUY MORE GRAIN

Great Britain is Anxious to Increase Its Purchases of Canadian Wheat

LONDON, Feb. 19:-The Association of Millers of Great Britain at a final meeting yesterday between officials of the Canadian Wheat Pool and Rt.Hon. J. H. Thomas, Lord Privy Seal, made itclear that they would be glad to increase their purchases of Canadian wheat. Increased allotments of Canadian wheat made it possible to use a higher made it clear they would be as against grains from outside the Empire in the milling of flour and they had already made recommendation to their members which would have this result, the association said.

It was emphasized, however, that the amount of Canadian wheat purchased by the English millers would depend upon its price in relation to the price of wheat from other sources.

# Storm Centre of Grit Attack in Legislature

Valuable Stewart Waterfront Land Was Sold to Stevens For \$10 an Acre—Creston Waterworks Scandal

(Special to Daily News) VICTORIA, Feb. 19:-Hon. F. P. Burden, minister of lands, replaced Hon. W. C. Shelly, minister of finance, as the storm centre of the legislature yesterday. To H. F. Kergin, M.L.A. for Atlin, he admitted that 15 acres of the best waterfront land in Stewart had been sold to W. H. Stevens for \$10 an acre.. The reserve put on this land at request of the citizens of Stewart in 1910 was lifted on Nov. 8, 1928, he said. This was just a few days before H. H. Stevens M.P. began to advertise his application for the

Canadian Northwestern Railwayo charter. Mr. Burden said he had no WARNING OF information whether W. H. Stevens It is a was related to H. H. Stevens. It is a matter of general knowledge, however, that the Vancouver federal member has a brother of that name. Mr. Burden said the land was sold
