## for entering in order to win

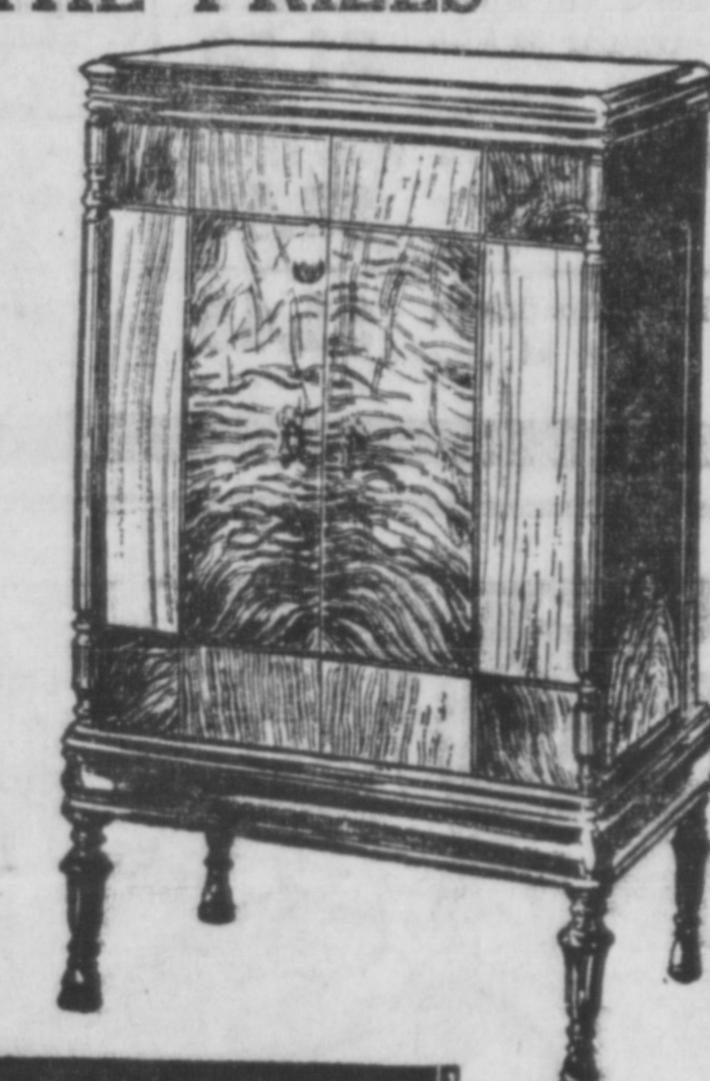

While candidates may enter this campaign at any time they wish, this is the last week when they may enter with a prospect of getting first prize, because it is expected that those already in the field will be busy working and will get the easiest prospects.

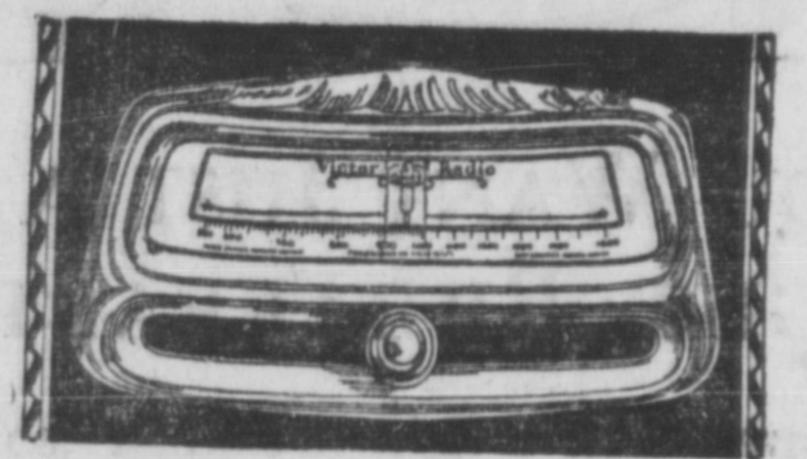

The suggestion is made that those wishing to do so

He said it was designed not to duplicate the work already being done but rather to co-operate with the churches, schools and city, the latter especially in their playground work.

It was explained that in the smaller centres it was customary for boys and girls to use the same building. In Ontario there were a

number of examples of this. The organization was managed by a board of directors and in small centre like this the general secretary would have to be also physical director with charge of the gymnasium and games. Mr. Mc-Alister urged that in constructing their plant the swimming pool should be the best and the gymnasium large enough for games. They would be well advised to erect a building that was adequate in every way. They might have class rooms or club rooms, a rotunda and some places liked to instal bowling alleys and have a billiard room. The latter ran into money.

A number of questions were asked and answered. W. H. Tobey read the minutes of a meeting of the Rotary impossible yet to give an estimate game, 1:55. of the cost of any building as so much depended on local condit-
